

IT COST ABOUT \$1.82 PER FOOT

To Build 1,612 Feet of Sewers in Three Streets—Board of Public Works Approves Traffic Signs—Other Matters at Monthly Meeting.

Superintendent W. Scott Van Keuren of the board of public works reported on the cost of construction of the three sewers that had been constructed the past summer under his direction at the orders of the board at the regular meeting Friday afternoon. A sewer 800 feet long had been built in Thomas street at a cost of \$1,437, the Andrew street sewer, a distance of 427 feet, had cost \$974.53, and the Cornell street sewer, a distance of 385 feet, had cost \$563.89, making a total of 1,612 feet of sewer built at a cost of \$2,975.47, or about \$1.82 per foot.

It was brought out that Superintendent Van Keuren had constructed the Thomas street sewer at a cost of \$200 lower than the city engineer's estimate of the probable cost when the plans were drawn for the sewer.

The report was ordered filed with the city clerk to bring to the attention of the common council so that the city fathers could lay the assessment. The city pays 25 per cent of the cost of construction and the property owners 75 per cent.

Wants Traffic Signs.
Elva H. Bogart, president of the Automobile Club of Ulster county, was present at the meeting and extended the privilege of the floor. He said that the Automobile Club was anxious to have the city install traffic signs on the city streets, and especially at street corners where traffic was heavy.

Mayor Canfield said that it was a matter for the police department to determine where signs should be placed, and Mr. Bogart said he would be glad to take the matter up with the police commissioners.

Dangerous Trees.
The police department sent a report to the board calling attention to a tree in front of the residence of Ferdinand Meyer at No. 338 Broadway, and that there was a number of dead limbs on the tree. It was referred to Commissioner Burgevin for action.

Various Requests Made.
Walter S. Darling wrote to the board about the condition of a water pipe on the Washington avenue viaduct, and it was referred to the superintendent and committee on sewers.

Charles N. Behrens wrote asking permission to install a gasoline pump and tank in front of his store at No. 500 Broadway. The request was granted on condition that the work was done under the supervision of Superintendent Van Keuren.

A DeMott wrote asking if there was any way in which a light could be placed on Cedar street. At one time there was a light in front of No. 60 Cedar street, but it had been moved, and since then it has been so dark around the middle of the block that people are afraid to walk on the street was the way the communication read. It was referred to the lighting committee.

Pearl St. Sewer Built.
It was reported that the L. F. Ransom Company had completed the building of the Pearl street sewer, and it was decided that before the bill be audited that the board would make the customary inspection of the sewer. This was scheduled for this afternoon at 3 o'clock.

A Light More and Less.
A resolution introduced by Alderman Shultis in the common council asking the board to install an incandescent light on West O'Reilly street near the residence of Mr. Iseman was read at the meeting and on motion the request was granted and light will be installed.

The board also decided to dispense with the light in the City Hall Park for the winter.

Gets Leave of Absence.
The board granted City Engineer Codwise's request for a leave of absence around the Christmas holidays.

An Adjournment.
After auditing bills and claims the board adjourned.

Tonight's Social Event.
One of the social features Rondout offers tonight is the big masquerade dance at Immaculate Conception school hall on Delaware avenue. Music will be furnished by a three-piece orchestra under direction of Prof. Schwalbach and the dance will be under the auspices of the young women of the Society of the Children of Mary. There will be refreshments on sale. A large attendance is anticipated.

ROADS GENERALLY GOOD IN COUNTY

Construction Work Impedes Traffic in Hurley Avenue and Section of Rosendale Road—Some Ineffective Methods of Working on Highways.

Ulster county will begin the winter months with the roads, with a few exceptions, in excellent condition and even should the winter be one such as was experienced last year there is little reason to believe that the roads next spring will be in as bad condition as they were the present year. Last winter was an exceptionally hard winter on roads and especially where the ditches had not been cleared of the summer accumulation of refuse and in many such instances the road bed heaved and shifted when the frost went out of the ground and in many places the roads were impassable for a time.

Construction has been begun on two Ulster county roads this fall and next summer will probably see these two important roads completed. Hurley avenue from Washington avenue is being built and at present is in a bad condition for travel. In going to Hurley the best route is to go over the viaduct to just beyond the old toll-gate and take the mountain road. The route is marked with detour signs and although the road is narrow, it is in very good condition. It is possible to travel Lucas turnpike out to the Hurley cross-roads turning right and coming into the Hurley road at the further end of the village but the road from Lucas turnpike is in a bad condition and the lower end is rocky, sandy and steep.

The second road under construction is the section of the Rosendale road from the foot of Cornell's hill at the Rosendale village line to beyond Lawrenceville where the road joins the High Falls state road. Here the grading of the road has been started and at the foot of Cornell's hill the road is rough and rutted. The new road will run to the right of the old road and will cut the grade material and eliminate the bad turn at the foot of the hill. The work has not progressed through the village of Rosendale but beyond the canal bridge through Lawrenceville to the Coving bridge the road has been torn up and culverts laid. The work is nearly completed and the road is extremely rough and trying on the springs of an automobile, there being first a deep ditch and then a quick rise over the new culvert. Unless in pursuit of business it would be better to avoid this route until the new road is complete first built it was not possible to construct a state road through the village and a recent revision of the law permitted the work to be carried on.

An example of the ineffective methods of working road is shown in the village of Cottickill where the road commissioner has had cracked slabs dumped on the road from the railroad for a quarter of a mile toward Planewater and left uncovered. The slabs are in sharp pieces as large as your hand and as hard as a horse and also automobile tires. A little judgment in putting on the stone would have made just as good road and left it in a less destructive condition. At the present rate of travel it will be half the winter before the rock is packed down at all.

Kingston City has also been "working road" out on the Boulevard and although from the city line the holes have been filled, the work will not be permanent as the loose stone was thrown in and left to be pushed out again by traveling automobiles. Had the stone had a little oil binder such as is being used in repairing Abeel street the work would have been more effective. At the turn in the road near the old county hospital a quantity of rocks have been put into the road causing a dangerous condition to the unwary driver. The hill coming down into the city was repaired but the repairs remained but a short time, the first rain causing deep gullies to form in the street, where the water runs instead of running off in the ditches. The road has been improved but still lacks many of the qualities which the name "boulevard" implies.

Abeel street has been improved and is in fine condition. The street force has been busy filling in the holes and with stone and a hot oil binder the work being carried on from the city line toward Broadway.

Labor Seeks to End War.
By Telegram to The Freeman.
New York, Dec. 2.—The Central Federated Labor Union, which has a membership of 500,000 workers in the New York metropolitan district, announced today that it was seeking to arrange a date on which a delegation might call on President Wilson to urge that he try to bring about a truce in the European war before Christmas. Resolutions to this effect were unanimously adopted by the union. Union labor is going to get behind the project as a unit, according to leaders.

Archbold Is Improving.
By Telegram to The Freeman.
New York, Dec. 2.—Reports today from the bedside of John D. Archbold, president of the Standard Oil Company of New Jersey, stated he was much improved and holding the slight gain he had made yesterday. A corps of doctors and nurses are in attendance on him.

MINNIE AND ANNA SENT TO BEDFORD

Fowler Girl Is 16 Years, and Baisley Girl Same Age—Parents Had Them Arrested—Efforts to Keep Girls Straight Fruitless.

Minnie Fowler, 16 years old, of No. 11 Gill street, and Anna Baisley, 16 years old, of No. 2 Post street, were committed to the New York State Reformatory for Women at Bedford, N. Y., today by Recorder Lang. It was claimed that the girls were consorting with men and staying out all hours of the night, and refusing to work steadily at any one job. The complaint was made by the parents of the girls who had a warrant sworn out for their arrest on Wednesday, but the girls could not be located until Friday afternoon when Policeman Reardon found the two at the Baisley girl's home.

From what the girls stated in court and from what Sergeant Haulcy learned the two girls had left town Wednesday evening for an automobile ride out the Saugerties road with two men. They returned to Kingston about 1:30 o'clock Thanksgiving Day morning and accompanied by one of the men went to a prominent uptown hotel where they put up for the balance of the night. The man registered the girls as Anna Wheeler and Minnie Simmons of Poughkeepsie and himself as A. Frazier of Highland.

Thanksgiving Day they spent at the residence of a woman on Wilbur avenue, and that evening they attended the dance at the armory, and after the dance stopped at a hotel in the central part of the city near the West Shore Railroad.

The Fowler girl was brought before Recorder Lang Wednesday morning on the complaint of her father, and at that time the court warned her that if she did not behave and go to work that he would send her to Bedford, but despite that warning she went out Wednesday evening with Anna. Wednesday morning the Fowler girl was placed on probation to report to Mrs. Laura MacMillan for three months.

Both the Fowler girl and the Baisley girl had a number of positions secured for them through the efforts of Mrs. MacMillan, but they would only work a day or so at a time, and then quit work. The Baisley girl ran away from home some time ago and when brought back from Poughkeepsie was placed on probation by Recorder Lang to report to Mrs. MacMillan.

Placing the girls on probation, however, did not seem to place a curb on their running the streets late at night, and Mrs. MacMillan informed the court that she had used every effort on her part to keep the girls at work and to have them turn over a new leaf.

When the Baisley girl was sentenced today she burst into tears, but the Fowler girl was apparently unconcerned and displayed no emotion whatever, except to run her fingers through her hair now and then. It might be added that it was said the Fowler girl had a number of unwelcome visitors in her hair, but evidently that fact did not disturb her for she made no efforts to get rid of the boarders.

POMONA GRANGE HOLDS MEETING
Delegates Elected to State Grange at Oneonta—New School Law Changes Opposed—Department of Foods and Markets Endorsed.

The meeting of the Ulster County Pomona Grange was held on Friday at New Paltz at which time the delegates to the State Grange were elected. The State Grange will be held this year at Oneonta on the first Tuesday in February. The delegates elected from Ulster county were: Mr. and Mrs. John W. Weaver of Clintonville; William Trueman of Lake Katrine; Mrs. Leslie Herring of Ulster Park and Mr. and Mrs. Burrows of Marlborough.

The matter of the consolidation of the country schools was thoroughly discussed and at the conclusion a resolution was passed opposing the proposed consolidation.

The movement on foot to make a change in the Department of Foods and Markets of New York was gone into and discussed from every angle and viewpoint and at the conclusion of the discussion a resolution endorsing the present department and methods was endorsed by the grange. Routine business was transacted and the meeting adjourned.

Farm Values Higher.
The advance in farm values has been almost beyond belief in recent years, says the Farm and Fireside. In 1900 the census found the average acre value for the country \$15.57. Ten years later it was \$32.40. In 1912 it was given as \$26.25; in 1913 as \$38.10; in 1914 as \$40.10; in 1915 as \$40.85, and in 1916 as \$45.55. It is explained that the unprecedented increase in the last year—almost 40 per cent—has been caused in part by a reaction in the south following the temporary depression at the beginning of the war, and in part by the stimulus given by war prices for the exportable surplus.

SITE OF RONDOUT BRIDGE ABUTMENT ON ESOPUS SHORE SIDE.

At the lower left of picture is a corner of the excavation for the south pier of the proposed highway bridge over the Rondout creek, dimensions of the cavity being 31 by 60 feet by 15 feet in depth. This hole will be filled with solid concrete which will be carried up to a point two feet above high tide level. At the right of picture is the engine from which steam is issuing and the inclined boom nearby will swing the concrete, sand and gravel up to the concrete mixer showing in the center. From the mixer the concrete is spilled directly into the excavation.

RESTAURANTS BOYCOTT EGGS

By Telegram to The Freeman.

Buffalo, Dec. 2.—At a regular meeting of the Buffalo Association of Restaurant Proprietors held here at the Park Hotel, a resolution was unanimously passed placing a boycott on eggs in an effort to co-operate with the Buffalo Housewives League. The words "eggs" and "omelet" will be stricken from the bills of fare at all, and waiters in the above mentioned establishments will be instructed to serve eggs only to invalids or those patrons desiring the same. It is estimated that by this action at least 1,000 dozen eggs a week will be added to the hundreds of dozen which would otherwise be used had not the association and the housewives league adopted this method of bringing down the price of the commodity which it is claimed is unwarrantably high.

FROM McALLEN, TEXAS.

Fine Display of Photos of Local Boys at the Front.

A number of photographs of local boys at McAllen, Texas, are being exhibited in the show window of Mahen & Walker's drug store on central Broadway, near the main post office, and the display attracts much attention from those passing the store. The pictures were taken by Conductor Charles Davis of this city while he was south in charge of the train that carried the Whitman party when they went to the border. They show Captain Cranston and Privates DuPuy and Ryan of this city, who are with the Fourth Field Hospital of New York while en route to the border, and also photos of Sergeant Schwartzwelder of Albany avenue and Corporal Legg of Smith avenue, of the Seventh Regiment, and also of Major Chandler. One of the pictures of the Major and "Ranger," his pet snake, was printed in The Freeman the other day. The display also has a Mexican twenty dollar bill and a one dollar bill, and also a five cent piece and a one cent piece, Mexican money.

May Reconsider Tarnowski's Refusal
By Telegram to The Freeman.
London, Dec. 2.—Viscount Grey, British foreign secretary, and attaches of the foreign office are giving deep consideration to President Wilson's request for reconsideration of England's refusal to grant safe conduct to Count Tarnowski, the new Austro-Hungarian ambassador to the United States. It is believed that an early reply will be made. There is a strong impression that Count Tarnowski will be allowed to proceed to the United States unmolested. A telegram from Vienna indicates that the United States had notified Austria-Hungary that safe conduct would be granted to the new ambassador before any representations on the subject were exchanged between Washington and London.

A Concrete Bridge.
Martin Cantina is having a concrete bridge built across the Sawkill in order to connect his farm lands. The bridge is being erected by David Schenck and it is on the west side of the Sawkill highway bridge. Mr. Cantina is also having extensive repairs made to the dam in the Sawkill.

Saugerties Post.

Delta Alpha on Monday.
The Delta Alpha Society will hold its regular monthly meeting with Miss Ethel Morey on Liberty street on Monday evening. The letter will be "D."

FIVE FIREMEN PLEAD GUILTY

Punishment for Entering Saloons Not Yet Decided Upon But Will Probably be in the Form of Fines.

The board of fire commissioners held a special meeting Friday night at Central fire station to hear charges against five members of the paid fire department who were charged with violating the rule of entering a saloon while on duty. It is charged that for some time a number of the men, including an official, have been frequenting saloons and indulging in intoxicating liquors. The condition became so bad that the board of fire commissioners decided to put a stop to it and hired two Pinkerton detectives who accompanied the men to several saloons and secured evidence which was presented to the board. Each man in question appeared before the board and heard the complaint read against him and to a man pleaded guilty to the charge preferred. They were advised that their punishment would be decided upon and they would be notified of the action later.

There will probably be no dismissals but severe fines would be proper under the rules of the board. Several hours a day in one case were spent in a saloon while others made frequent trips. Many of the men in the department have never violated the rule and the violations were confined to a few members. The members of the fire board have decided to strictly enforce the section of the rule which deals with the men entering saloons while on duty and in the future any violation will be strictly and immediately dealt with.

The men involved in the matter are members of the uptown station, central station and also the downtown firehouse.

Final Arrangement.
At the monthly meeting of the Ladies Aid Society of the Spring Street German Lutheran Church on Thursday afternoon at 3 o'clock, the ladies will make the final arrangements for their annual bazaar to be held on the evenings of December 13 and 14, in the school hall of the church. The various committees will be appointed and other important business transacted. Following the transaction of business a coffee klatch will be held. The members of the society are urged to attend.

What Pincus Ate.
By Telegram to The Freeman.
New York, Dec. 2.—Pincus Emmanuel is anxiously watching his waist band today beneath which reposes only partly digested two loaves of bread, ten pickled red peppers, 44 potato pancakes, one 13 pound turkey, six bottles of beer, and an unmeasurable quantity of whiskey. Emmanuel ate and drank them all as an election bet penalty. He is known as a champion eater but for the first time in his life his digestion played him false.

Will He Be a Fire Fighter?
Mr. and Mrs. William McElrath are receiving congratulations over the arrival of a nice plump baby boy at their home on Friday afternoon. Mr. McElrath is a member of the local fire department, and also the father of six other sons and two daughters, and as none of his other sons have taken up the profession of fire fighting, his many friends are wondering if the seventh son will be a fire fighter like his father.

JUAREZ FEARS VILLA ASSAULT

By Telegram to The Freeman.
El Paso, Texas, Dec. 2.—Prominent residents of Juarez began moving across the Rio Grande to El Paso today, fearing an immediate attack on the border city by Villistas.

A number with business interest in Juarez remained in the city themselves, but sent their wives and daughters to El Paso. Tales of the horrible mistreatment of girls and women by Villistas after the capture of Chihuahua City have alarmed Juarez.

Federal agents learned today that Villa is delaying his advance on Juarez until he finds out how President Wilson will regard his occupation of the town. Villa's secret service men have been working in El Paso for ten days, attempting to learn from government agents here whether General Pershing would move against him if he occupied Juarez.

Seven days have passed without any word of the fate of Americans in Chihuahua City. Relatives here have almost given up hope for their safety though it is thought possible they may have escaped and are making their way northward on foot.

MISS LIBERTY TO BE ILLUMINATED

By Telegram to The Freeman.

New York, Dec. 2.—The sombre Statue of Liberty which for more than thirty years has stood like a guardian to New York harbor and the America of the immigrant, tonight will be transformed into a brilliantly lighted beacon, visible for miles at sea. Attended by impressive ceremonies, President Wilson on his yacht, the Mayflower, will give the signal which will set off the huge flares in a blaze of permanent illumination.

President Wilson will make no speech. Instead he will listen while the veteran, Chauncey M. Depew, who delivered the address at the dedication of the statue, will again address the "Liberty" gathering. The French ambassador, M. Jusserand, will read a message from President Poincaré, and speak on behalf of his country.

The president and Mrs. Wilson will reach New York late this afternoon. Following the ceremonies on Bedloe's Island they will be tendered a banquet at the Waldorf by the 200 members of Mayor Mitchell's reception committee. They will return to Washington tonight.

PHENOMENAL WORK AIDS THE SANITARIUM

Enthusiastic Meeting of Campaign

Workers Friday Evening—Committees Working to Complete Tents for Next Week's Canvass Snappy Speeches at Supper.

Returns at headquarters in the Benedictine Campaign show that the daily average for the number of workers doing the work is phenomenal. Every effort is being made to complete the quota of workers for the next week's work. Speeches at the table were made by James Dwyer, John Maher, Dr. O'Meara, Dr. William O'Leary, William Rafferty, Dr. Day and Mrs. Shultis. All were in a vein calculated to inspire enthusiasm and urge everyone to a greater effort for the completion of the enterprise within the next week.

NUGGETS OF NEWS.

Unusual Events Briefly Told in Telegraph Despatches.

By Telegram to The Freeman.
New York.—Police headquarters telephoned Dr. F. B. Humphreys of the recovery of his watch before he had learned of the theft. The thief was caught while trying to pawn the timepiece.

Harriburg, Pa.—A "movie" kiss can last for only eight feet of film, the Pennsylvania motion picture censors have ruled. Movie directors are panic-stricken.

Forestburg, N. Y.—Using a fountain pen in self defense, Mrs. Beulah Lenhart, 24, jabbed and squirted with ink a man who had grabbed and hugged her, until she put him to rout.

American Eagle Weak.
Charles Parks and his son, Leiland, of Dakota, found a well formed North American eagle while walking through the woods on George Branch's place last Saturday. It was so weak from lack of food and exhaustion that it was unable to fly further and the capture was made without difficulty. Mr. Parks carried the bird home and is caring for it.—Liberty Register.

AUTO THIEVES STILL BUSY

Latest Piece of Malicious Mischief is Perpetrated in the Street in Front of Police Headquarters.

Although one gang of automobile thieves and joy riders has been broken up by the police, there are still a few of this variety of criminal at large in the city who seem to delight in tinkering with automobiles left standing at the curb and stealing anything which is available.

Friday night while the automobile of Edwin A. Koch was standing in front of the high school while the owner was inside attending the dance, someone stole the coil box from the car. A sack of hoodlums at times make the central part of the city their headquarters and make life there miserable of people who travel through. When young Koch left the school building he tried to start his car without success and finally discovered that the coil box had been removed. It was necessary to have the car towed home. The matter was reported to the police, who are making an investigation.

FINANCIAL AND COMMERCIAL

By Telegram to The Freeman.

New York, Dec. 2.—The most important feature of the initial trading on the stock exchange today was the scant offerings of stocks, which made prices respond sharply to moderate buying of a number of the favorite speculative issues. Colorado Fuel and Iron advanced 1 3/4 points, with the buying based on the declaration of the preferred dividend yesterday and many of the minor steel industrials moved in the same way, with Pittsburgh Coal advancing 3/4 to 58 3/4, Republic Iron and Steel 1 1/2 to 88 1/2, and Gloss-Sheffield 3/4 to 85 1/2. In the specialties most interest was attached to the trading in Columbia Gas, which rose 1 1/2 points to a new high record of 51. Montana Power advanced 1 1/2 to 111 and Ohio City Gas 1 1/2 points to 118 1/2. There was continued accumulation of Reading, which rose 1/4 to 112 1/2. Lehigh Valley rose 3/4 to 83 1/2. The Missouri Pacific issues were all in good demand, with the old common advancing 1 1/2 to 15 1/2. U. S. Steel Common advanced 3/4 to 125 1/4.

The tone at the close was strong. Increased strength and activity was shown in the usual dealings with the copper shares the most prominent features. Utah advancing three points to above 127, while Anaconda rose over a point to 100 1/2. American Smelting and Kennecott also made gains of over a point. International Paper rose two points to 67 1/2, and American Hide and Leather Preferred rose to above 84. Many of the minor industrials made gains of around a point. Ohio City Gas, after selling at 124, reacted to below 121. Government bonds unchanged; railway and other bonds strong.

Doings of the Van Loons-

No, you can't always tell from the Exterior.

BIG as this world is, there isn't room in it for one small, worrying man or woman. With the approach of the holiday season, however, femininity will mistake worry for perplexity and fatigue. A bottle of

Half-Stock Ale

taken after a tiresome shopping tour will revive, drive away dull care and create restful, pleasant dreams.

PETER BARMANN

BREWERY 'PHONE 66

KINGSTON

HIGHLAND.

Highland, Dec. 1.—Mrs. James S. Mack of "Hillair," on Thanksgiving entertained a dinner party of 24 guests from Poughkeepsie. The people know just what to expect when the home of Mrs. Mack is thrown open, for past functions have left their records, and on this occasion the reputation of the house was fully sustained. The table groined under the weight of entrees from turkey, with all that accompanies it, down to fruit candy, nuts, ice cream and demitasse. Everyone did justice to the elaborate spread and from all came the one thought. Words were not adequate enough to express the pleasure to Mrs. Mack from the guests. Still all wished for more than one Thanksgiving dinner in a year, if each might be as pleasant as the one of the year 1916.

Mrs. Landried of Main street, spent Wednesday in Poughkeepsie with friends. Last Wednesday evening Miss Adelaide Terwilliger entertained the Ladies' Sunday school class of the M. E. Church at her home on White street. They had a very pleasant time and all were glad to be able to be present for the social evening.

Mrs. Edward Miller spent last Friday and Saturday in Kingston with her sister and family. While there she attended the funeral services of a cousin who resided in Rondout. George Dubois of Beacon was a week end visitor of his parents, Mr. and Mrs. Theron Dubois, at their home on Maple avenue.

Mrs. Gilbert Atkins entertained a dinner party on Thanksgiving at her home on Main street and all present enjoyed the festivities greatly. Mr. and Mrs. William J. Miller were host and hostess to several friends on Tuesday evening, when all tried their skill at cards. Delicious refreshments were served and everyone spent the time delightfully, and at a late hour when they departed for their respective homes they decided Mr. and Mrs. Miller were decidedly hospitable.

We hear George Pratt, Sr., also Mr. and Mrs. Charles Brown and Mrs. E. Champlin and son, Charles, will soon leave Highland for the sunny south, where they will remain till the blue birds come around in the spring. They all have a very great love for the south through the cold weather and no one can blame them.

Mr. and Mrs. Josiah Schoonmaker of this place entertained recently Mr. and Mrs. Everett Schoonmaker of New Paltz.

Miss Lillian Johnson, who is attending school out of town, was a week end visitor with her parents, Mr. and Mrs. Lewis Johnson, on Vineyard avenue.

We were glad to meet Hector Sears of Gardiner last week. He used to be a resident of this place, and he, with his sister, conducted the printing of the newspaper Highland Post for years and it was always a newsy paper. Their many friends always welcome them here.

The missionary lecture in the M. E. Church by Miss Maddock, Monday evening, was very interesting. The lecture room was filled. The orchestra rendered several selections, and a few vocal numbers given with H. E. Wilcox as leader. All were highly spoken of and very much enjoyed and appreciated.

Mrs. Daniel Kurtz was a shopper in Poughkeepsie on Friday, looking out for the Sunday needs.

Mrs. F. L. Farmer and daughter, Miss Laura, were in Poughkeepsie Saturday.

Many families here had Thanksgiving dinners, where relatives and friends met around the festive board and enjoyed the reunions greatly. Food sale held last Saturday in the free library was quite successful. There were good things to eat on sale and a fair sum realized from same for the support of the library. These sales take place very often and the funds obtained must help out considerably for library help.

Mrs. Benjamin Gedney was a guest last Thursday of friends at Clintondale.

Mr. and Mrs. Edward Miller entertained the first part of last week Mrs. Harry Thompson and her daughter from Clintondale.

Mrs. James Nickerson from this place was a guest last week of her sister, Mrs. Edward Terwilliger, who resides at Clintondale.

Mrs. Herbert Seaman entertained her father, Mr. Van Wagner, last week.

Mr. and Mrs. Dusenberry have had as their guest for two weeks their daughter, Mrs. James Shurtler, who resides at Marlborough.

Mrs. Marie Harper of Clintondale spent Thanksgiving with Mr. and Mrs. George Cornell; also Mrs. Amelia Elmendorf, and they all enjoyed the Thanksgiving turkey with all the good things that come to make a feast and all felt they were satisfied when the meal was finished.

Miss Hilda Smeed entertained a jolly lot of girls on Friday at her

home on Vineyard avenue. They were the Camp Fire Girls and Hilda is one of them. They held a business meeting first and went through with that first class, after which the girls enjoyed a social time with amusements and fine refreshments to top off with. All declared the young hostess was up-to-date with it all.

Mr. and Mrs. E. A. Marsh are at present entertaining their friend, Mrs. Danforth.

Mrs. George Cornell had the pleasure of receiving several members of Queen Esther Circle at her home on Tuesday evening. There was a great deal of business talked over and one of the best meetings held in some time. Their membership is over 25. A delightful evening was spent, both mentally and socially, and every one was served with delicious refreshments and declared Mrs. Cornell a first class hostess.

Mr. and Mrs. Edward Miller entertained a Thanksgiving dinner party with several from Kingston, including Mrs. Emma Keller and the Misses Rose, Mabel and Bessie Keller, all devoured the good things prepared and when they left for home they felt they had been amply paid for spending a Thanksgiving in Highland.

Mr. and Mrs. Daniel Kurtz had several friends at their home on Thanksgiving for a dinner and we were informed that there was some grand things to eat and a very jolly time was had at the reunion.

Mr. and Mrs. H. J. Pratt entertained a dinner party of thirty people on Thanksgiving. All were treated to everything first class. They had three fat turkeys and besides that there was the best of everything the markets afforded, so guests did not go away hungry.

Frank S. Decker of Catskill and A. V. Decker of Washington Hollow were recent guests of Captain and Mrs. R. H. Decker, at their home, "Glen View."

Mr. and Mrs. Frank J. Miller entertained guests last week from Poughkeepsie.

Mrs. Abram Rhodes of Milton avenue entertained the U. D. Society, of which she is a member, at her home last Saturday afternoon. There was a large attendance, and a very fine social time enjoyed, and the ladies busied themselves at fancy work, after which the hostess served very dainty refreshments.

Arthur Terpening is spending some time with his parents, Mr. and Mrs. Myron Terpening, on Washington avenue.

Mr. and Mrs. Harold Ford had several guests spend Thanksgiving with them.

Mr. and Mrs. J. R. Melius had as their guests for Thanksgiving their daughter, Marjorie, who is attending a school of art and science in Saratoga.

The Rev. George Allen of Poughkeepsie was in town Monday, calling on friends.

Miss Ethel Wilcox was the hostess, on Thursday afternoon to members of the Music Study Club. There were a few guests, besides members. A program was given and every one present had a very pleasant afternoon.

Miss Bertha Dimsey was in Poughkeepsie, visiting her parents, Mr. and Mrs. H. Dimsey.

Miss Ethel Decker of Ossining spent Thanksgiving with her parents, Mr. and Mrs. Uriah Decker, at their home on Vineyard avenue.

Mr. and Mrs. W. Shorter of Mill Road had as their guests for Thanksgiving Mr. and Mrs. Samuel Farrum of this place.

There will be a dance in J. W. Peeler's Hall this Friday evening.

Queen Esther Circle will hold their next meeting with Miss Ethel Wilcox. They meet twice a month, and have very interesting meetings.

Mr. and Mrs. Andrew Morris will entertain their daughter and husband, Mr. and Mrs. Morse Rowell, this week.

Mr. and Mrs. Frank Styles of this place spent Thanksgiving in Mount Vernon with Mr. and Mrs. H. D. Bailey.

Miss Edna Eckert of this place, and for year in the past office here, has accepted the position of postmistress in Poughkeepsie, at Luckey, Platt & Co's store, where the new government post office will be opened and in operation the first part of this month. She thoroughly understands her business and was very capable when here, and certainly will give satisfaction in Poughkeepsie. We wish her success.

Many of the teachers of the high school here spent their Thanksgiving vacations with their relatives out of town.

Mrs. R. H. Decker and Miss Martha Dimsey will spend a few days in New York city next week.

ed at J. H. Baker's during the week when the mill roof caught fire and by the luck of good management and quick work it was soon extinguished. Mrs. Moren of Kingston spent Wednesday night with her daughter, Mrs. William Dinky.

Wedding bells rang in this place on Wednesday evening, when two of our popular young people, Miss Bessie Wood and Charles Bell were united in marriage at the parsonage by the Rev. Mr. Frost. Their host of friends extend to them best wishes for a long happy life.

Joseph Hendrickson has been suffering with a very sore eye during the week having injured it in the stone crushing work at Accord.

Alfred Dinky was ill the past week.

Robert Kelder spent a pleasant Wednesday with his grandparents, Mr. and Mrs. George Kelder.

Congratulations are extended to Mr. and Mrs. Fred Hendrickson at Accord in the birth of a daughter.

Mrs. William Baker was a Kingston visitor on Tuesday.

James Wood was also a caller in the county seat on Tuesday.

Eli Hendrickson visited the county seat with apples on Tuesday.

Some of our boys attended the "Slight of hand" entertainment given by Chauncey Van Demark at Whitfield on Saturday evening and report the show to have been good.

Mrs. Stephen Gray and Mrs. Howard Gray of Rochester Center were in town one day during the week.

Miss Rissa L. Dupuy of Foord's Sanitarium made a firing trip home recently.

Mr. and Mrs. Arthur Kelder and little son Charles spent Sunday with Mr. and Mrs. Will Wood.

The prayer meeting on Sunday evening was conducted by Charles D. Osterhout.

Mr. and Mrs. William H. Miller spent Friday and Saturday at the home of Mr. Miller's sister, Mrs. Floyd Oakley at Stone Ridge, who is seriously sick. We hope for her recovery.

Mr. and Mrs. V. Thayer and family of Newburgh, who have been spending the past two weeks at the home of Mr. and Mrs. E. P. Osterhout, returned to their home at Newburgh on Sunday.

Mr. Thayer has been painting and papering the house of Mr. and Mrs. William H. Miller.

MODENA, Dec. 2.—J. R. Ostrander, of Elmford, formerly of this place, called on friends here on Tuesday.

Mrs. Paul Webber and daughter, Florence, and Miss Anna Wells were shoppers in Poughkeepsie on Monday.

Mrs. Patrick Moran spent a few days visiting relatives in New York city the past week.

The regular monthly meeting of the Philatelic Class will be held Saturday afternoon at the home of Mrs. F. A. Hawley.

The Ladies' Aid and Philatelic Class of the Modena M. E. Church will have a fair Friday, December 3, afternoon and evening. DuBois' orchestra of Poughkeepsie will furnish music throughout the evening. A delicious supper will be served from 6 to 8 o'clock for the small sum of 25 cents. There will also be ice cream, cake, candy and popcorn for sale. You will find at the booths handmade aprons, towels and fancy articles for Christmas gifts. Don't forget to visit the mystery booth.

Frank Hoffman is spending a few days at his home in this place. The topic for the Epworth League meeting Sunday will be "What Missions Do For Childhood." Leader Mrs. William Cole and Miss Evelyn Bernard spent Thanksgiving with friends in Walden.

Mr. and Mrs. Solomon Bernard entertained friends at their home on Wednesday evening.

Mr. and Mrs. Arthur Coy of Plattekill spent Sunday last at the home of Mr. and Mrs. Rulle Ward.

Mr. and Mrs. Charles Williamson and family, Mr. and Mrs. Lewis Slicker and family and Guy Rappleyen spent Sunday last with Mr. and Mrs. Harry Leitch.

Mrs. Percy Patterson and daughter Ruth and May Ella, were shoppers in Poughkeepsie on Saturday last.

Edward Atkinson visited in this place the past week.

Mechanics in Medicine. The value of mechanics in medicine has been amply demonstrated and the science of healing is coming to regard with increasing favor the aid offered by mechanical devices. The physician, in private practice, finds it incumbent to meet the advance made by institutions and the result is that the office of the modern physician is coming more and more to resemble a machine shop, just as the hospitals and sanatoriums are being gradually converted into health factories.

The KITCHEN CABINET

Cultivate a serene, thoughtful mental state and you need never trouble about external things; they will all come right without your worrying.

WAYS WITH HONEY.

One of the advantages in the use of honey, which is most valuable, is that cakes made with it will keep much longer without drying out than those made with sugar. A cake made with butter and honey will keep until the butter grows rancid. Cakes made with no butter will keep fresh for months.

The extracted honey which is now so common on the market is reasonably sure to be free from adulteration, as legislation has made it both dangerous and unprofitable to adulterate it.

Nut Honey Cake.—Mix together two cups of brown sugar and honey, the yolks of six eggs and beat thoroughly. Sift together three cups of flour, one-half teaspoonful of cloves, three of cinnamon, a half teaspoonful of nutmeg, and the same of allspice, a half teaspoonful of salt and one and a half teaspoonfuls of soda. Combine all the ingredients; beat well, then add one cupful of chopped raisins, a half-ounce of citron, cut in small pieces; a half-ounce of candied orange peel and a half-ounce of almonds, coarsely chopped. Fold in the whites of the eggs beaten stiff. Pour the cake mixture into two 8x4x2 inch depth of half an inch and bake in a slow oven for half an hour.

Hard Money Cake.—Take three-fourths of a cupful of honey, a half-cupful of sugar, two and one-half cups of flour, one egg, a fourth of a teaspoonful of ginger and a half-teaspoonful of cinnamon, speck of white pepper, a pinch of salt, a half-teaspoonful of soda and a tablespoonful of water, a teaspoonful of cinnamon, a half-teaspoonful of ground cardamom seed and two ounces of almonds, blanched and chopped. Sift the dry ingredients, beat the egg and combine the mixtures; knead well and bake a small sample, if it is not light, add more soda; if it falls, add more flour. Roll out to three-fourths of an inch in thickness and bake in a hot oven.

Honey Charlotte Russe.—Chill a half-cupful of honey in ice water, whip a quart of cream and add the cold honey. Line a dish with lady fingers and fill with the mixture. Serve very cold, garnished with chopped almonds.

John B. Alliger, G. D. B. Hasbrouck, H. R. Brigham, E. H. Loughran, David Burgevin, John L. McGrath, Howard Clapp, J. M. Schaeffer, Philip Eiting, William G. Shafer, George Hutton, E. S. Wood, Order F. Wines.

For the six months ending June 30th, 1916, interest was credited July 1st, 1916, at 4 per cent per annum.

Interest not drawn will be added to the principal and draw interest. Money deposited on or before Dec. 3rd and remaining in the bank until July 1st, 1917 will be credited with seven (7) months' interest.

Women and children under age have by law the control of their own saving bank accounts.

Persons living out of the city may send money by bank draft, check, post office order or express, and deposit book will be returned by mail.

ALL BUSINESS STRICTLY CONFIDENTIAL.

MATTERS BEFORE THE SURROGATE

The will of John H. TenHagen of Rosendale has been admitted to probate by Surrogate Gill. The testator wills to his son, J. Rutzer, the house, store and premises formerly operated by him in the village of Rosendale and bequeaths equally the rest of his estate to his sons, Louis, Charles, William and Harry, and to his daughter, Fannie. Louis and Charles TenHagen are the executors.

In the matter of the judicial settlement of the account of Julia A. Hawksworth of the town of Hurley, administratrix of the estate of Robert D. Delaney, the petition of Llewellyn G. Baxter of Rockland, Maine, a creditor, was filed and citation issued returnable December 19. Judge Jenkins appeared for the petitioner.

John L. Feldman of Tiddville has been appointed administrator of the estate of his wife, Louisa F. Feldman.

Schoonmaker Goes to Rochester.

Clarence Schoonmaker, who for many years has been prominent in the local Y M C A. gymnasium work has obtained a position as physical director and assistant secretary of the Maplewood branch of the Rochester Y M C A. and will leave Monday morning. Mr. Schoonmaker for the past five years has been clerk in the shoe store of E. T. Stille & Son. His new position was secured through Gus Bonesteel formerly assistant secretary of the Kingston Association who is now building superintendent of the Maplewood branch. The Maplewood branch opened only ten days ago and now has a membership of 300. Mr. Schoonmaker secured without the aid of a campaign. Under the familiar name of "Scootch" he was popular in all branches of the local Y being especially adept at tramping and other floor work which his new work involves. That he will make good in his new position is assured so successful has he been in gymnastics.

Flag Raising at Sawhill

Sawhill Dec 2.—The new American flag presented to public school No. 2 by the Rev. George J. Vaeth, rector of St. Ann's Church which was to have been unfurled on Thanksgiving day with appropriate exercises by the school children will be flung to the breeze on Sunday owing to the unfavorable weather last Thursday. The exercises will be held at 4 o'clock Sunday. Parents and the public are invited to attend the services. Hon. John Neenan school trustee will raise the flag and the children of the district will sing "America." There will be a speech by the Rev. George J. Vaeth. The Cross and the American flag will be the center of the children, "America."

OUR DAILY PATTERNS.

1801.—A Practical Garment. Girls' Apron and Cap.

Every girl should learn to wear an apron and wear an apron to learn many things. For a complete dress covering for comfort and ease the model here shown is ideal. It closes at the left side and may be finished with or without the band trimming. The pocket is big and comfortable. The cap is neat and comfortable. The pattern for this combination is cut in 5 sizes, 6, 8, 10, 12, and 14 years. It requires 2 1/2 yards of 36 inch material for a 10 year size, for the apron, and 2/3 yard for the cap.

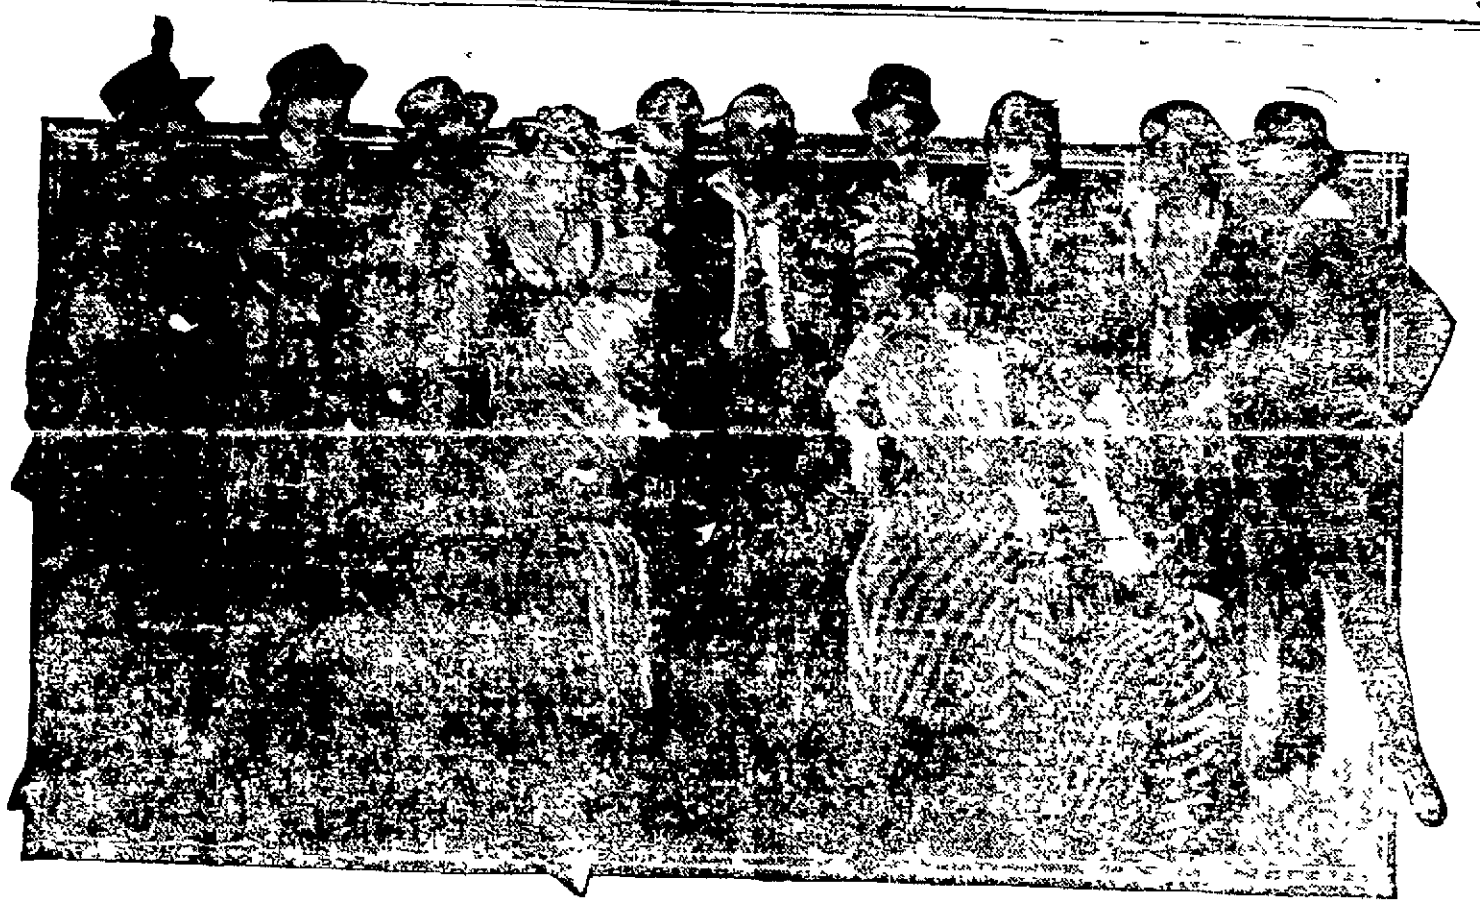

A pattern of this illustration mailed to any address on receipt of 10 cents in silver or stamps by the Pattern Department, The Freeman, Rondout, N. Y. Be sure to state the size wanted.

Catalogue Notice.

Send 10 cents in silver or stamps for our up-to-date 1916 large Fall and Winter Catalogue containing over 400 designs of Ladies', Misses' and Children's Patterns as well as the latest Embroidery Designs, also a concise and comprehensive article on dressmaking, giving valuable hints to the home dressmaker.

A Complete Manual in Crochet and Tatting!

Just what you will say when you get our "Complete Manual in Crochet and Tatting" book. It contains all the latest and most popular designs for crocheting, tatting, and a variety of other needlework. It is a complete guide for the beginner and a reference for the expert. It is a must for every woman's library. Write for your copy today. Address: The Freeman, Rondout, N. Y.

will easily demonstrate itself to you as inimitable—tonally, acoustically, mechanically and artistically. The perfection of naturalness, beauty and fidelity to the original tone of the voice or instrument, as it pours out through the tone-control shutters from the tone chamber, is unmistakable. The elegance of its design and the flawlessness of its finish are in keeping with its musical qualities.

The instrument itself will say the same—right here or in your own home—wherever you like.

Convenient terms of payment can be arranged. Other models from \$15 up.

KINGSTON, N. Y., DEC. 2, 1916.

Liberty is to be "all lit up" tonight. In other words, the Statue of Liberty on Bedloe's Island is to be illuminated by batteries of electric lights which will be turned on for the first time by the President of the United States. It is a very pretty sentiment and will be an even prettier spectacle. Years ago there used to be a time when the Statue of Liberty was illuminated at night in addition to the torch which she carries in her upraised hand. It is said that navigators of that day made a protest against this extra glare and were successful in having the lower lights doused. But today when the need of Liberty's light is so widespread through the world, it may be said the illumination cannot be too brilliant. At the same time it is a waste of good electricity which might be turned to far more useful purpose without imperilling in the slightest the spirit of liberty in this and other lands. It is the same with the use of electricity in illuminating Niagara Falls and in similar examples of extravagance in attempting the bizarre. With so much poverty and suffering in the world today, so much of pain and toll, it would seem that electrical energy could be devoted to alleviating some extreme conditions among unfortunate mortals rather than be merely "turned on" to show up some sight or other through the silent watches of the night.

Electricity is a wonderful thing, yet so common and numerous are its uses in everyday life that most people pass it by with indifference, although it is but a comparatively few years that this tireless giant has been working for us. Scientists have speculated on electricity since Franklin's time and before, but down to the present, we are told, this agency cannot be defined. To the question: "What is electricity?" propounded by a legal powerhouse, capable of current at a high voltage, Thomas Edison replied that science had not yet determined. Lord Kelvin is also quoted as stating that it is one of the apparently insoluble mysteries of nature. Most men settle it offhand in their own minds when they see the results attained from simply pressing a button. Just as no man has been able to answer the question above, so no man can estimate the ultimate stage of usefulness of this tremendous agency which man is becoming more and more able to harness to his needs. Today it is used in thousands of lines of labor and recreation and it ought to be used even more. Electricity can solve the servant problem in the home, it can do a host of other things, now. It would be doing them, too, if it were not for the fact that the commercial prices for the current make its use prohibitive in many homes. It is this cost item that must come down, or else remain stationary while wages ascend, if electricity is to come into its own in the American home. It is encouraging to note that Dr. Charles P. Steinmetz, the great man in Schenectady, is directing his labors to the end of cheapening electricity. In this object it seems to us that his light is shining brighter for liberty than any illumination being shed on inanimate statuary in New York Bay, or anywhere else, for that matter.

Eighteen shopping days remain before Christmas Day and if the shop early slogan is not put into pretty general effect by the purchasing public the oversight is likely to result in the usual eleventh hour rush, dissatisfaction and wrath, all due to procrastination. The bulk of the Christmas shopping, if done within the next ten days, would give ample opportunity for everybody to achieve success. We devote ourselves so wholeheartedly to this matter of buying gifts rather than making them ourselves, as was the case in olden times before machinery attained its present state of usefulness, that really more attention ought to be paid to it. We have had the shop early slogan with us for years; it is slogan with us some years; it is about time some of these tardy ones were beginning to give it more attention. Tilly the Tired Sales Girl, and Dan the Delivery Boy, are human and have their own enjoyment of the great holiday of Christendom. You can contribute a whole lot to their pleasure and relieve a lot of aching feet merely by going what you have planned to do, early. If you cannot

do this much for others, you at least owe it to your own comfort and to the friends for whom you desire to select the nicer gifts from lines which have not been pawed over or broken in the descent of avalanches of Christmas shoppers.

LITTLE LAUGHS.

Visitor (noticing empty cage)—
"Did your canary die a natural death?"
Bobby: "Yes'm; the cat ate him."—Boston Transcript.

Visitor—"I suppose Scripps, the poet, is the best-posted man in the club."
Member—"Well, I wouldn't say the best—but most."—Judge.

"I hope you will come out ahead, Bobbie. What are you being examined at this time of the school year for?"
For adenoids.—Life.

Hardly Correct.
One day a new pupil in a music settlement school came home and asked: "Mother, how many carrots are there in a bushel? Teacher wants to know."
"What?" answered the mother.
"What has that to do with music?" "I don't know," replied the child. The next day the mother went to the music school to inquire what kind of music her child was being taught. The teacher laughed and said: "Well, that is hardly correct, madam. What we asked your child was how many beats there were in a measure?"—Rochester Times.

Six Real Friends.
What is greater than the friendship that exists among men? The young Grand Rapids man had carefully explained that he must go to Kalamazoo, but declared that he would surely be back for 7 o'clock dinner as usual. The hours dragged by and his wife became anxious.
"Finally she telegraphed to six of her husband's friends in Kalamazoo, asking them if the missing man was there. With the dawn came a farmer's wagon, dragging in a broken down motor car and the husband. Almost at the same moment a messenger boy arrived with six telegrams, and all of them read: "Yes, Walter is passing the night with me."—Detroit Journal.

Ambition.
What happened as a consequence of the Yankee invasion of Texas is described as follows by a person whose attitude toward southern dialect, white or black, may be called "detached."
After years of tenancy, satisfactory on both sides, and particularly favorable to Uncle Jake, that old negro appeared before his landlord one day and announced his intention of leaving.
"Why, what yoh goin' to leave me for?" asked Mr. Harris in astonishment, for he looked on Uncle Jake as a permanent fixture on his plantation.
"Wall, Mistah Harris, I'se goin' ovah on de 'Yankee' 'a'm to w'k," replied Uncle Jake unhesitatingly.
"Why, yoh old stinnah! Haven't I always treated yoh 'a'ah and 'squah?"
"Yoh so sutt'ly hab dat, Mistah Harris."
"Haven't yoh had yoh own house and garden and all?"
"I hab."
"And a good bit left ovah from yoh shah'ah every yoh to send yoh boy to Tuneskeger and to buy Aunt Vinie a new dress and even some to put by in the bank?"
"I hab."
"Then, what undah heavens do yoh want to do ovah theah foh when they'll pay yoh less wages than yoh can make heah 'a'm in part of my plantation on shah'ah?"
"It's jist dis a-way," confided Uncle Jake, half shamefacedly and still half proudly, too. "De a-going ovah dah to w'k 'caze dem 'Yankees dey call deah niggers 'Mistah'."

ATWOOD.

Atwood, Dec. 2. The funeral of Mrs. Hannah Bush was largely attended on Tuesday. Mrs. Bush was in ill health for some time with complication of diseases. She will be greatly missed in the community.
A young daughter has arrived at the home of Mr. and Mrs. G. Freer.
Mr. and Mrs. John Van Wageningen and family of Lomontville called at the home of Clarence Davis Sunday.
Mrs. A. Hendricks of Rosendale was moved from the Benedictine Sanitarium to the home of her father, B. Johnson, on Wednesday.
Mrs. J. Hasbrouck, who has been ill with pneumonia, is much improved at present.
Mrs. C. N. Freer of Kerhonkson is spending a few days at her home.
Mr. and Mrs. J. Morey of Brooklyn, Mr. and Mrs. B. Morey and son of Briarcliff and Mae Morey of Kingston were called to this place on Tuesday to attend the funeral of their sister and aunt, Mrs. Bush.

Fire Was in the Grate.

As the cold days are drawing near, it was decided at the Eagle Hotel on Friday afternoon to start a grate fire. The kindlings which they used to start the fire with caused an immense amount of smoke to pour forth from the chimney and a resident of Main street, thinking that the hotel was on fire, sent in a still alarm of fire to Willetts Hose Company, who upon their arrival found that their services were not needed, as the management was only getting prepared for the cold days which are to come.

George Kallop butchered two fine hogs for Mrs. Thomas Grady on Tuesday.

Mrs. G. Corgan has returned home after spending a week with relatives in Jersey City.

Mr. and Mrs. Louis Kolts of Kingston motored to this place on Tuesday and spent the day with Mrs. Frank Kallop and family.

Miss Dorothy Hays spent Thanksgiving with friends in Rosendale.

John Sullivan is spending some time in New York city.

Seymour Yonker has purchased a pig from George Blaceman.

Miss Fannie Coons of Poughkeepsie, formerly of Tilton, spent a few days with her sister, Mrs. G. J. Wheeler.

Mrs. Walter Hilderbrand spent Wednesday in Kingston.

Miss Phoebe Quick spent Thanksgiving with Miss Clare and Hilda Trandle.

William Williamson is building a large chicken coop as Bill expects to go in the chicken business.

Miss Elsie Taylor is spending some time with her aunt, Mrs. W. H. Warkup.

Dr. C. V. Hasbrouck of Rosendale examined the scholars at LeFever Falls schools on Wednesday.

William Williamson and Tom Grady drove to Blinewater on Friday.

Louis Kallop, who has been ill and under the care of Dr. W. E. E. Little for some time past, is able to be out again.

Andrew Castor has purchased a Buick auto for use in his business and pleasure.

Mrs. J. H. Crawford of Jersey spent the week end with Mrs. J. H. Clearwater.

Whiteport.

Ransom Krom and wife have returned home from Schoharie county, where Mr. Krom has been employed during the season at state road work.

Abram Helser is home from Schoharie county, where he was working on the state road.

Miss Katharine, Emma and Miss Mary Imperial of Kingston spent the week end with Mrs. John McGrath.

Ed Schoonmaker and Tony Imperial spent Friday evening last at the home of John McGrath.

John McGrath moved his family to Kingston Monday and occupied a house at 212 Foxhall avenue.

Michael Beyersdorfer is putting a new roof on his hotel property.

John Rowe was driving grocery wagon for William Castor for a few days this week, while Joe was taking a leave of absence.

Fourth Blinewater.

Mrs. J. H. Vreeland has returned to her home in Jersey after spending several days with relatives here.

Charles and William Kierstedt butchered several fine hogs on Monday last at their farm.

William Robinson, Sr., is now peddling meat about the country.

William Robinson, Jr., is having fine success trapping this season, having recently landed a jet black skunk.

Harrah for the Hurley quagmire. The last rain made it delightfully spongy and soft.

Hurley Crossroads.

S. Elmeendorf butchered two fine hogs early this week with the aid of those experts, Charles and William Kierstedt.

S. Elmeendorf shot a fine large coon on Thanksgiving Day, the skin of which weighed three pounds.

Arthur Osterhout, who spent the summer at Taanersville, is now engaged as a butcher at Miami, Florida, for the winter.

GRANITE.

Granite, Dec. 1.—Miss Hazel Turner is ill with tonsillitis.

Mrs. Josephine Rose was the guest of her daughter a few days the past week.

Miss Phoebe Hasbrouck of Kingston and Mrs. Levi Atkins of Accord were the guests of Mrs. Frances Decker and their brother Herbert one day past week.

John Addis sold a cow Monday to parties in Ellenville.

Mrs. John Gillispie and daughter, Myrtle, of Kerhonkson were the guests of Mrs. Frances Decker and family on Wednesday last.

W. D. Sheldon has had a very sick horse for a few days. It is some better at this writing.

Kingstonian Boilers
Has Any One Explained This Coal-Saving Point to You?
When you want to boil water quickly to poach an egg, you don't put the water in a deep, narrow-bottomed kettle. You get a big, broad-bottomed pan and put a little water in it and it boils almost while you are cracking the egg.
The Kingstonian Boiler acts just like that broad-bottomed pan does. That's one reason why it heats quickly and with less coal than other boilers.

WANT "ADS" POSTED AT THE SMALL COST OF CENT-A-WORD

One Hundred Dollars Advance in Price on Roadsters and Touring Models

Months ago our dealers were notified that an advance in the list price of Cole Eight Cars would become effective on deliveries after January 1.

It is now known that the advance on the touring and roadster models will be \$100 per car. On or before January 1 we will announce the advance in the prices of other models.

In line with our announcement policy at the beginning of the season, present models will be continued during next season without change.

Present prices will prevail on all cars delivered before January 1, 1917. All cars ordered for delivery after that date will be at the new prices.

The same high-grade material will be used throughout in Cole construction with refinements in minor details from time to time as is our custom.

PRESENT PRICES

7 Passenger Cole Eight Touring Car.....	\$1595
4 Passenger Cole Eight Roadster.....	\$1595
7 Passenger Cole-Springfield Toursedan.....	\$2195
4 Passenger Cole-Springfield Tourcoupe.....	\$2195

All prices f. o. b. factory.

Expert Advice For the Automobile Owner

Queries and Replies Covering Matters of Importance to the Man Who Runs a Car

Can you tell me how to recharge a four cell storage battery of the flooded type? I have a set of them, and they need recharging, but I do not know the exact proportion of the chemicals to be used.

It is advisable to obtain the electrolyte, ready diluted, from the makers, but if you cannot do this proceed as follows:

A large lead lined box of sufficient capacity to fill all the cells should be about three-quarters filled with water. It is very important to use distilled water and not water from the tap, as the slight impurities in the latter, particularly traces of lime, have a very detrimental action on the plates. Accumulator acid, which is the best lithium sulphuric acid you can buy, of about 1.84 specific gravity, is now slowly poured into the water, care being taken to keep your face and hands well out of the way in case of splashes. The acid should on no account be poured from an earthenware jug filled as required from the bottle of whatever kind of container the acid came in. This must be done very carefully and slowly, and the pouring into the water should be stopped every few seconds for a minute or two to prevent too violent a chemical action taking place. When acid has been thus added to the extent of about a fifth of the bulk of the water the mixture should be thoroughly stirred with a wooden rod and allowed to cool. The chemical action of the water mixing with the acid generates considerable heat.

When quite cool test the specific gravity with a hydrometer and add more water or acid as may be required to obtain the correct density. This varies with the make of cell between 1.250 and 1.275. To obtain a correct mixture the liquid must always be allowed to stand for several hours before putting into the cells and should be stirred once in awhile.

During these operations rubber gloves should be worn, and it is advisable to rinse them occasionally. You cannot be too careful of the acid.

In filling the jars the plates should be tested and if connected up correctly the cells may now be filled. This should be done as quickly as possible by holding the acid from the mixture or drawing it out with a syringe. Fill the cells so the tops of the plates are thoroughly covered by the water.

It is most important that charging be commenced as soon as the cells are filled otherwise the plates will not plate.

There is a rattling noise in the clutch of my car. It is a multiple disk clutch. The noise seems to be caused by the plates rattling. When the clutch is thrown out the noise is plain and louder. It can hardly be heard when the engine is pulling hard. Do you think that the trouble lies in the transmission coupling? I was told that the coupling is worn out. How can the coupling be taken out?

There are several possibilities. The clutch thrust bearing may be worn or the clutch shaft flange or the front main gear set bearing may be worn. If any of the parts mentioned are worn they must be replaced in order to eliminate the noise, although if it is the clutch plates that are at fault they may be used for many months without any danger.

What are the advantages of the high speed and low speed motors?

Some of the advantages claimed for pleasure car use of high speed motors are as follows. Possibility of using smaller bore, thus leading toward economy; lighter reciprocating parts and higher relative speed of those parts, thus reducing vibration, and smoother motor action at low speeds; more constant torque at low speeds, creating a smoother acting motor.

When running slowly or downhill all four cylinders of my car fire regularly, but as soon as I feed it any more gas or start up a small grade No. 1 cylinder begins to miss. Have put in new points on the contact breaker and tried several different kinds of spark plugs, also put in new nonleaking piston rings, but still No. 1 cylinder will not fire. What is the cause?

Your description is not detailed enough to permit us to give a very thorough diagnosis. In fact, the trouble of cylinder misfiring is something that cannot be handled accurately by correspondence. We can only guess that the valves are not properly adjusted or that the carburetor and manifold are not up to date enough to take care of the present low grade of gasoline. The No. 1 cylinder, being front, is better cooled than the other three and it is possible that the gas does not pass into it before some of it has condensed in the manifold. Try this: Soak a heavy towel in boiling water and wrap it around the front of the manifold, taking care to keep the drive shaft before it has had time to cool. If the misfiring ceases, the diagnosis is correct, and the trouble can only be remedied by a new and modern carburetor, an intake manifold with a shorter stand pipe or possibly a combination of the two.

Ordering Meals Electrically.

An electrical system of ordering for luncheons, clubs, restaurants and hotels has been devised. You simply press a button which operates an elevator installed in the kitchen, telling the kitchen hands just what food you want. Popular Science Monthly.

I understand that denatured alcohol and wood alcohol both mix completely with water. Will a solution of 25 per cent alcohol and 75 per cent water in evaporating remain the same solution or will the alcohol evaporate more rapidly than the water so that the solution will have a smaller percentage of alcohol in it after about one-fourth of it has evaporated?

The alcohol will be almost entirely evaporated before the water diminishes appreciably, therefore after 25 per cent of your solution has evaporated what remains is almost entirely water, and the solution must be replenished with alcohol to give the desired effect.

From this it will be seen that the loss through evaporation would be very great if undiluted denatured alcohol were used, and if the car were used to any extent refilling often would become necessary, to say nothing of the evaporation when the car was idle.

Will you please tell me why the piston is larger in four cylinder cars than in six and eight cylinder cars and why they will develop more power than a four cylinder?

The reason that the bore of the four cylinder motor is in general larger than that of six and eight cylinder engines is simply because of the fact that more power than is necessary for the car is not desired. Every cylinder assembly acts as a separate engine in supplying power. The same amount of power can be obtained from six smaller cylinders as from four larger ones; hence to secure the desired amount of power with four cylinders it is natural that each of the cylinders should be made larger.

Looking at the matter from another angle, that of piston displacement, it will be remembered that displacement is a direct factor of power. If a displacement of, say, 300 cubic inches, is desired and if enough power will be secured from this displacement it would be obtained by using four cylinders of seventy-five cubic inch displacement or six cylinders, each having fifty cubic inch displacement. Naturally the pistons for the seventy-five cubic inch cylinder will be larger than those for the fifty cubic inch.

Can you advise me of any remedy for a howling in the rear axle of a new car? I understand there are some means of tapping the torsion tube which will stop this howling.

It is not advisable to tap the torsion tube, as this will tend to weaken the re-entrance. In all probability as soon as the gears have worn in awhile this howling will stop.

Can you give me complete directions for removing scale and other deposits from the radiator of an automobile?

Scale can be removed from radiators by using a saturated solution of common washing soda and water. Thoroughly flush the radiator out with the solution, then clean with fresh, pure water. A mixture of ordinary washing soda in which four ounces are used to the gallon of water will do the work properly.

Does the spark in a magneto occur when the points are together or just breaking?

The spark does not occur until the instant that the points separate. It is the separation of the points which are in the low tension circuit that induces the current in the high tension circuit. Before no current is flowing to the high tension circuit until after the breaker points are separated.

The reason for the spark being set at upper dead center at full retard is that a later spark than this is never required. When the engine is running over very slowly, requiring the latest possible spark, if the setting is such that it occurs on upper dead center the engine will not knock, because before the spark could have taken place and ignited the gases the piston will have passed over the dead point and be again on its way down.

I have installed a motor driven tire pump on my car, and directions say to run the motor at 600 revolutions per minute. How is one to know when the motor is running at this speed?

Directions do not mean that the motor has to run at exactly this speed. The pump will work most efficiently if the speed is approximated. Set your motor so that it sounds about as it does when your car is running fifteen or twenty miles an hour; then run your pump.

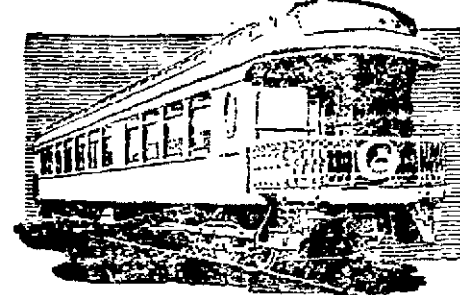

Can you give me a method of sealing a frost crack in a cast water jacket? There is a double crack on the lower side, with a single crack on the upper side extending horizontally along the center. The inside of the cylinder is not injured. Would you advise any solutions?

The best way to remedy cracked cylinders is to have them welded by some reliable welding concern. There are a number in any city who will readily do this at a very reasonable cost. We do not advise your using any solutions, if the cracks are sufficient to cause trouble it would be more satisfactory to have them welded. The results of the use of cements and solutions have never proved satisfactory.

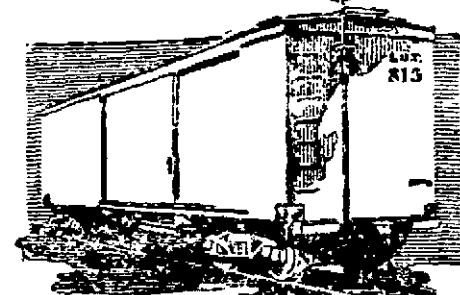

Millennial Dream.

A New York stenographer has set a new record by writing 137 words a minute. Some day a stenographer will not only be able to write that many words, but to spell them correctly, and then the millennium will be at hand.—Cleveland Plain Dealer.

Overland Automobiles

Which Do You Prefer?

Pullman or Freight?

No one would think of riding in a freight car if he could enjoy the comfort of a big, comfortable easy riding Pullman parlor car.

So with automobiles. Most of the popular priced cars ride like freight cars. This is due to the fashioned type of spring.

Many manufacturers still continue to use them. The Overland does not. The 75 B Overland has the latest type of cantilever shock absorbing springs. As a result it is one of the easiest riding cars in the world. One demonstration will prove this. \$635 f. o. b. Toledo.

DRAMA AT WOODSTOCK.

Local Talent Scores Another Hit With Good Play.

The young people of the Clinton Avenue M. E. Church again scored a hit when they presented their play, "The Miner's Daughter," at Five men's Hall, Woodstock, Friday evening. The play was given for the benefit of the Woodstock M. E. Church. Friends and members of the Clinton Avenue Church kindly donated the use of their automobiles for the members of the cast who were conveyed to Woodstock by automobiles.

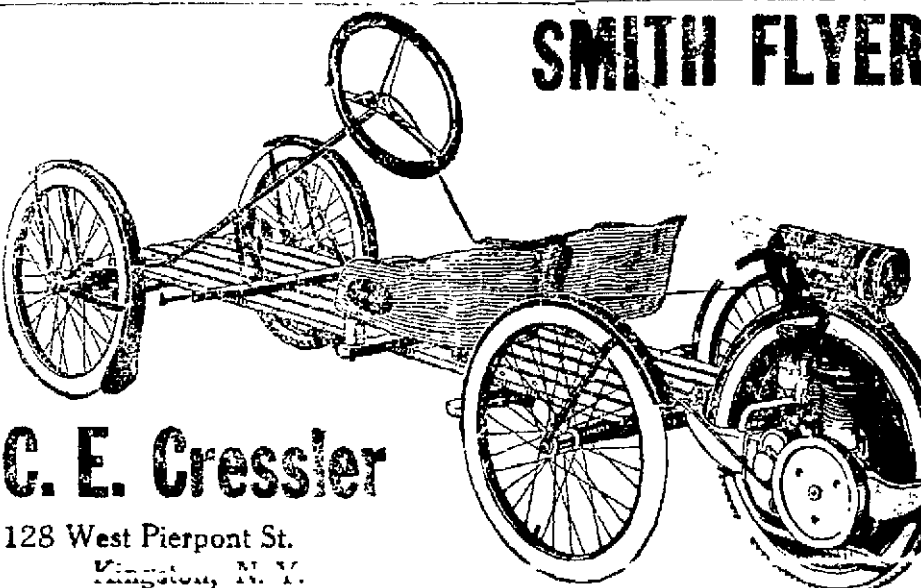

When the curtain was raised for the first act the hall was crowded and not one of the audience was disappointed with the play. Each character scored a hit individually and especially the two characters, Mary and John, who introduced specialties between the acts was called back four times and each time delighted the audience.

The Clinton Avenue orchestra accompanied the players and rendered a musical program during the evening.

The play will be repeated at the Y. M. C. Hall on Wednesday evening by request as at the first presentation here a few weeks ago the hall moved too small to hold the crowd and a second opportunity will be given those who missed seeing it then of enjoying the comedy and dramatic ability of their friends.

Must Prove Value.

Books, like proverbs, receive their chief value from the stamp and esteem of ages through which they have passed.—Sir William Temple.

PREFERS BRIGHT LIGHTS TO FARM LIFE.

Miss Mary Smith, a Chicago stenographer, has returned to Chicago after a fifteen months' stay on the farm as the adopted daughter of Mr. and Mrs. Pankhurst, a wealthy couple of Ambur, Ill. Miss Smith was offered a home, \$3 a week and \$10,000 when the old couple she was to be the Pankhursts.

OF C. FEDERATION ELECTS OFFICERS

Commission on Advertising Features
Fall Meeting of Hudson Valley
Organization at Peekskill—Mac
Coy Succeeds Witschiet.

The fall meeting of the Hudson
Valley Federation of Chambers of
Commerce was held at Peekskill
Friday afternoon with a score of
representatives of various organiza-
tions of the Hudson Valley in at-
tendance. The principal business
was the election of officers for the en-
suing year, this being the close of
the first year of activity of this
body.

The following officers were elect-
ed: president, George E. MacCoy,
Peekskill; National Bank; treasurer,
Frank S. Howland, Albany; secre-
tary, William F. Babbitt, Albany.
The vice-presidents will be
named later and these are chosen
to represent each body comprising
the federation. Messrs. Howland
and Babbitt were re-elected.

Graham Witschiet of Newburgh,
the retiring president, was given a
heartily vote of thanks and elected
an honorary vice-president. The
advertising barge canal terminals
on the Hudson river, membership
and other matters of interest figured
in the discussion and supper which
followed. The session was confined
to two hours and from the plans out-
lined, some activity on advertising
lines is expected in the New Year.

Mrs. Shuffe Wins Suit.

Word has been received to the ef-
fect that Mrs. Annie G. Shuffe, of
Rhinecliff, has won her suit in the
appellate division of the supreme
court in the matter of the New York
Central grade crossing at Rhinecliff.
The court holds that the town board
must bring an action to fix damages
sustained by Mrs. Shuffe in the closing
of the crossing when the new
New York Central built the new station
and the passageway over the
tracks at Rhinecliff. Mrs. Shuffe
owns the Rhinecliff hotel and she had
certain rights in the right of way over
the tracks on Shattell avenue leading
to the ferry. Mrs. Shuffe asked the
town board to act in her behalf and
fix damages. This was refused. She
then brought a court action.

Black Diamonds.

Genuine black diamonds, although
considerably more valuable than the
ordinary white diamond, are not used
for ornament, having an appearance
no more attractive than a bit of stone
or fragment of coal. They are of dark
gray, brownish, or black color, and
opaque, without crystalline form. They
are somewhat harder than the crystal-
line diamond, being in fact about
the hardest substance known and are
found in irregular pieces, ranging in
size from one-half to 500 carats.

Shotguns and Rifles.

When a shotgun or rifle is cleaned,
a cork of proper size should be inserted
in the end of the barrel. By prevent-
ing the entrance of damp this will pre-
serve its value as well as its useful-
ness. This practice is not followed to
the same extent as it should be even
among those who take special pride in
their arms. It is said that a bit of cam-
ber inserted in the barrel will also
aid in preventing the accumulation of
rust.

Exhausted Market.

Mrs. Gramercy—"I'm having the
greatest difficulty in finding a new
cook." Gramercy—"That doesn't sur-
prise me in the least, my dear. You
seem to have had about all the cooks
there are on the market."

SOCIETY NOTES.

A delightful family reunion mark-
ed Thanksgiving Day at the home of
Mr. and Mrs. E. P. Howard, No. 57
Staples street, at which were pre-
sent their children and grandchildren
and one great grandchild, Lester
Finley, Jr. Covers were laid for 34,
and a delicious duck dinner was
served. The table was beautifully
decorated with pink and white chrys-
anthemums. Vocal and instrumen-
tal music was rendered afterward
and all present had an enjoyable
time.

Mr. and Mrs. L. J. Geib of Yonkers
gave a five course turkey dinner
at their residence, 28 Ashburton
avenue, Thanksgiving Day. Those
present were Mr. and Mrs. W. Rob-
ertson of Albany, Mrs. S. Macholdt
of Kingston, Mr. and Mrs. H. L.
Woner, Mrs. Marie Geib, Miss
Elsa Margaret Geib, Miss Mary Geib,
Miss Edna Harrington, Harry
Geib, Charles Wisbrow of South
Ozone, L. I., Frank Kline, Mr. and
Mrs. L. J. Geib and Elsa Miriam
Geib of Yonkers. During the even-
ing games were enjoyed and solo
selections were rendered. All de-
parted for their homes expressing
their thanks to the host and hostess.
Mrs. S. Macholdt will return to this
city about the first week in Decem-
ber.

Sunshine Society.

The Sunshine Society will hold its
regular meeting on Monday afternoon
at three o'clock at the home of Mrs.
Van Cockburn on Fair street.

DuFlon-Cooper.

Announcement is made of the mar-
riage of William E. DuFlon, son of
ex-Alderman and Mrs. William Du-
Flon of this city, and Miss Sadie
Cooper, both of New York city. The
wedding was a very quiet one on ac-
count of a recent death in the family
of the groom.

Decker-Wagert.

Albert P. Decker and Miss Olga B.
Wagert, both of Saugerties, N. Y.,
were united in marriage by Rev. A.
Schmidt on Thursday evening at
9 o'clock in the Spring Street Ger-
man Lutheran Church. They were
attended by Miss Grace E. DuBois
of Kingston, N. Y., and Philip M.
Decker of Saugerties, N. Y.

Tremendous Social Success.

The dance given by the members
of the Monday Afternoon Sewing
Club for the benefit of the Day
Nursery, at St. Mary's Hall last even-
ing was a tremendous social success
and also a big financial success. The
Hall was most artistically decorated
with cedar trees, the stage being
most picturesque. With a background
of tall cedars, and smaller trees
grouped at the sides, the setting for
the tables was particularly strik-
ing. One large table occupied the
center of the stage and was elabo-
rately decorated with the fruits of
the season and several five-branch
candelabra, while the smaller tables
were similarly decorated and lighted.
The whole scene presented a beauti-
ful picture for the eyes. All of
Kingston's four hundred were present
to dance to the music of the Byrnes
orchestra, to which the New York
four hundred have been dancing the
past year, and over which the dancers
were duly enthusiastic. One notable
feature of the evening was the
beauty, richness and artistic effect of
the gowns worn by the women, and
the onlookers could but be thankful
that at last Dame Fashion has de-
cided that womankind shall be gown-
ed and coiffured in a manner which
shall enhance, rather than detract
from her charms. There can be no
doubt but that the dance was a
tremendous social success and that a
large sum was realized for this
most worthy charity. The young
ladies of the club, to whom so much
credit is due for all this success and
for the evening of such pleasure are,
Miss Dorothy Schoonmaker, presi-
dent; Mrs. Charles A. Warren, Mrs.
Williams, Miss Sarah Horton, Mrs.
Harold King, Miss Elinor Chipp, Miss
Frances Preston, Miss Margaret
Loughran, Mrs. G. Wallace Codwise,
Miss Marjorie Drake, Miss Jane Van
Etten, Mrs. Donald Chambers, Mrs.
Burwell Harrison and Miss Young.

ABOUT THE FOLKS.

Ralph Worden of Hyde Park spent
Friday in town, assisting Coroner
Kelly with a funeral.

Miss Minnie Worden of Hyde Park
is a week end guest of Mrs. E. J.
Ritch on Clifton avenue.

William C. Satterlee of Albany
spent Thanksgiving Day with his
parents on Elmendorf street.

Mrs. R. Krieger of 66 Newkirk
avenue, spent Thanksgiving Day
with her daughters in Rhinebeck.

Mr. and Mrs. James McCausland
are guests of Mr. and Mrs. B. A.
Turk at their home, No. 442 Broad-
way.

W. J. Coutant of Jersey City was a
guest of his sister-in-law, Mrs. S. T.
Coutant of Stone Ridge on Sunday
last.

Miss Haldane, who has been for
several weeks at the family home at
Cold Spring, has returned to The
Huntington.

A girl was born to Mr. and Mrs.
Arthur Rafferty at their home on
Hasbrouck avenue, near Meadow
street, this morning.

Mr. and Mrs. A. Zeller of Coey-
mans spent Thanksgiving Day with
Mrs. Zeller's mother, Mrs. C. H. Sut-
ton, at No. 61 Prince street.

Mrs. Max Silverman was conveyed
from the Ulster & Delaware train
Friday evening to the Benedictine
Sanitarium in the city ambulance.

Irving Elgorn, a popular member
of the local fire department station-
ed at Cornell fire house, and wife are
spending a few days in New York
city.

Mr. and Mrs. Frank Davis and
sons, Harold and Raymond of Crown
street, have returned from Alliger-
ville, where they spent Thanksgiving
with Mr. Davis's parents.

Miss Beth Osborn, a student of
the State College for Teachers in
Albany, is spending the week end
with Miss Mary Lawrence, at her
home, No. 3 Green street.

Mrs. Arthur Shuffe and Mr. and
Mrs. Gordon Holmes expect soon to
close the Rhinecliff Hotel and go to
Hartford, Conn., for the winter. Mrs.
Shuffe expects to return to Rhine-
cliff in the spring. Mr. Holmes has
secured a position in one of the large
paper mills at South Manchester,
Conn.—Rhinebeck Gazette.

TEX RICKARD
RICKARD PLANS FIGHT FOR
WILLARD.

Chicago, Dec. 2.—Tex Rickard,
the New York promoter, after a final
conference here with Jess Willard,
the heavyweight champion, an-
nounced that he had not reached
any binding terms with Willard for
a championship match. Rickard
said, however, that his plans were
progressing satisfactorily. He de-
clined to say whom he had in mind
as a possible opponent for the
championship.

VILLA'S ARMY IS SURROUNDED

By Telegram to The Freeman.

El Paso, Tex., Dec. 2.—Pancho
Villa's army has been surrounded in
Chihuahua City by Carranza forces
under General Murguia, who made a
forced march on the state capital
from the south. General Gonzales,
Carranza commander at Juarez, re-
ported today. Murguia has been or-
dered to attack immediately, Gon-
zales declared.

Federal agents here have received
no reports of Murguia's approach and
believe he has but a few hundred
men.

MISS ELIZABETH GARMONG

COURT REVERSES GIRL'S \$116,000 VERDICT.

Augusta, Me., Dec. 2.—The Maine
Law Court today reversed the ver-
dict of a supreme court which had
awarded \$116,000 to Miss Elizabeth
Garmong in a suit brought against
John Brooks Henderson, Washing-
ton clubman and a son of a former
United States Senator from Missouri.
The amount awarded by the lower
court was the largest on record in a
breach of promise case.

Miss Garmong originally sued for
\$250,000, alleging that Henderson
was the father of her child. She said
that he refused to marry her. The
case was bitterly fought. Miss Gar-
mong is the daughter of a wealthy
Des Moines contractor.

TECHNICAL POINTS ON PAY.

Election Officials' Compensation
Must be Uniform.

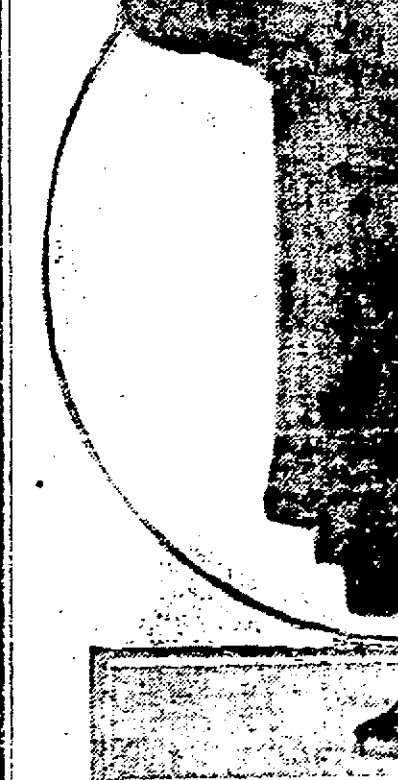

The town clerks and supervisors
throughout the state have been noti-
fied that under the election law the
pay for election officials is fixed at
\$3, and no sum in excess of this sum
must be paid. The notices have been
sent out by the election bureau. The
old rate was \$5 and \$7.50. The new
law makes the pay uniform for regis-
tration and election, while the old
law gives an extra half day for the
work done on Election Day.

The law provides that if the board
of supervisors, by a vote, set a high-
er figure than that made by the statu-
te it may be paid, but the rate must
be uniform in every place in a coun-
ty. In Dutchess county, the super-
visors are at a loss as to what they
shall do, for in some of the towns
the inspectors have been paid at the
old rate.

Dutchess county supervisors have
also been informed by the comptrol-
ler's representative that to be per-
fectly in accord with the law as
amended in 1915, the board of su-
pervisors should fix the daily allow-
ances for the members of the town
boards and that unless the allowances
were so fixed they were not valid.

Things Not to Be Hidden.

Three things cannot be hidden—love,
a cough, and smoke—yes, even a
fourth, and that is the signs of abun-
dant life on a lively farm.

WORLD'S PERFECT WOMAN BECOMES SKATING DEVOTEE.

(Miss Annette Kellerman.)

To the already crowded ranks of devotees of ice-skating there has
been another ardent convert. Miss Annette Kellerman, famed the world
over as the "most perfect woman now alive," has taken up ice-skating. If
she becomes as efficient at her new sport fast as she is at swimming and
diving, professional skaters will have to look to their honors.

ELLENVILLE.

Ellenville, Dec. 2.—Mr. and Mrs.
Edward B. Kimble of Park street
have been spending several days in
New York this week.

Mrs. Riley and daughter, Dorothy,
of Binghamton, who have been the
guests of Mr. and Mrs. George A.
Meriele, went on Friday to New York
city for a stay of a few weeks.

Mr. and Mrs. Sanford Hyde of
Woodbourne are visiting their
niece, the Misses Brown, on Center
street. On Thanksgiving Day they
entertained a large company of re-
latives in honor of their uncle and
aunt.

H. W. Coons and family spent
Thanksgiving with his father, Rev.
Alfred Coons, D. D., at Ellenville.

Mrs. Louise Quigley of Warren
street is visiting relatives at Pough-
keepsie.

Rev. A. E. Lord, pastor of the
Methodist Church at Deposit, a for-
mer pastor in Ellenville, has been
out of health for some time, and has
entered a sanitarium at Clifton
Springs for rest and treatment.

R. M. Wright of Margaretville is
running a fine big four seated cov-
ered automobile truck from Gra-
hamsville to Ellenville, making two
trips a day.

The residence of Frederick Schip-
per is being repainted, which adds
to the village improvements.

Service will be held at the Luth-
eran church on Sunday morning and
evening.

The rehearsals for the community
Christmas music under the direction
of Mrs. John R. DeVany, are going
forward with marked success. On
Tuesday evening over one hundred
attended the rehearsal at the high
school auditorium. Everyone is
looking forward to the Christmas
time with renewed interest. Every-
body has a part in the Community
Christmas. All the churches of the
village with their Sunday schools,
are to celebrate the happy Christ-
mas time with special observance
appropriate for the day.

DR. GEORGE E. VINCENT

DR. VINCENT BECOMES HEAD OF ROCKEFELLER FOUNDATION.

New York, Dec. 2.—Dr. George
Vincent, president of the University
of Minnesota, will become president
of the Rockefeller Foundation on
May 15, 1917, succeeding John D.
Rockefeller, Jr., who resigns to be-
come chairman of the Board of
Trustees. It was said that Mr.
Rockefeller's resignation is due to
his inability to handle all of the
work attached to the rapidly growing
foundation.

The new president of the Founda-
tion will devote his entire time to
the work. He comes well prepared
for the new undertaking. He is a
member of the General Education
Board of the Rockefeller Founda-
tion and has been associated for many
years with the Rockefeller philan-
thropies.

A Delegate to Buffalo.

During the early part of the week
Superintendent W. Floyd Harris at-
tended the annual meeting of the
New York State Teachers' Associa-
tion in Buffalo, as the delegate
from the Third Supervisory District
of Ulster county.

MRS. HENRY R. PERRY AND SONS. (CITY FILM SERV.)

WEALTHY BROKER'S WIFE SUES FOR DIVORCE.

New York, Dec. 1.—Mrs. Edith Lounsbery Perry, prominent in
New York society, is today suing her husband, Henry Pierpont Perry, a
wealthy member of the Stock Exchange, for absolute divorce, naming an
"unknown woman," and asking the custody of her two sons, William
Haggis Perry and Richard P. Perry.

Mr. and Mrs. Perry were married ten years ago at the fashionable
St. Thomas Church. The marriage was one of the social events of the
season. Since that time, up to a few months ago, they figured promi-
nently in the social affairs of this city and Newport. Perry has entered
a general denial of his wife's allegations.

MRS. SAMUEL CLARK (CITY FILM SERV.)

ELOPES WITH NEWSPAPER PUBLISHER.

New York, Dec. 2.—Miss Clara A. Johnson, of Grand Forks, N. D.,
who created a sensation among her friends by eloping with Samuel Clark,
widely known publisher of Bismarck, N. D., is in New York today with
her husband. The couple are honeymooning here and writing answers
to scores of astonished queries from their friends.

COMRADES.

"MISERY LOVES COMPANY."

Wounded Serbian and Bulgarian enemies on their way to a
second dressing station, after having had their injuries attended at a
first field station. Their mutual misfortune seems to have opened them
to overlook the hatreds of war.

Audrey Munson AS INCOM- PARABLY REVEALED IN "PURITY"

"Born of Sunlight and the Sea." The transcendent embodiment of feminine grace and beauty

The World's Most
Famous Model

Audrey Munson
represents the
feminine sex in
its most glorious
She is peerless.
She stands as a
model for all the
world. Before her
criticism is dumb.

Down through the
ages, from the
ancient era when
Cleopatra reigned
unchallenged;
when Venus exalted
physical woman,
until today
**Audrey
Munson's**
natural gifts have
known no like or
equal.

Do not let cruel fortune cheat you of the radiant pleasure and privilege of witnessing the paragon of
physical perfection and pulchritude in the full refined measure of her glory and grace. Never before
as fortunate opportunity presents itself to you; never again may you view her fair form in all its ideal
matchlessness as in

"Purity"

KINGSTON OPERA HOUSE Thursday and Friday, 2:30, 7:15 and 9, Dec. 7th and 8th

"Duty soon tires;
Love goes
All the way."
Did you ever
Support a project
Because you thought
It was good
Policy, either from
A standpoint of
Business, politics
Or social position?
You know how a
Person feels when
They do it for
The looks of the
Thing rather than
Because they are
In earnest and
Render a hearty
Service because
They love the
Enterprise.
In other words, some
Folks travel on the
Looks of a thing.
Good women
Sometimes try to
Travel on how they
Look rather than
What they are.
Don't try to advertise
Goods you can't
Deliver.
It makes one
Ridiculous and
You always think
Of the sign you
See in stores--
"Nothing over
10 cents."
In campaigns, when
Giving and working,
Just do your
Little part whole-
Heartedly, sincerely,
Lovingly.
Never mind how
It looks to
Mrs. Smart Set or
Mr. Worldly,
You should give as
You love.
If you are honest
You will not
Withhold money
Or work if the
Object is worthy.
The manly man and
The womanly
Woman says:
"I love to do good."
The faker says:
"How little can
I get by with."
There's no sum too
Small and none
Too large to measure
One's well doing.

ASK CITY CLERGY TO BOOST CAUSE

"Civic Sunday" to be Sought in Kingston on December 10th by Chamber of Commerce—Co-operation of Churches Sought in Many for Better, Greater City.

The clergy of Kingston have been asked to co-operate with the business and professional men in the campaign to reorganize and revitalize the Chamber of Commerce. To create an atmosphere of civic patriotism and a sense of personal responsibility for the general welfare of the city, all ministers in the city have been asked to declare Sunday, December 10th "Civic Sunday" in Kingston. On this Sabbath it is hoped that the ministers will preach sermons on civic righteousness and that something will be said in the Sunday schools and all other church services to arouse interest in a greater Kingston.

The following letter was delivered to the pastors of all Kingston churches this morning:

"A big city-wide movement for the expansion and development of the Kingston Chamber of Commerce along the broadest possible lines has been launched. A greatly broadened scope of endeavor, a definitely planned 'Program of Work', with a much increased membership and strong financial support are planned.

"You have probably read in daily newspapers announcement of the plans and ambitions. It is a movement that appeals to every patriotic citizen of this city and we need the help of everyone to make it a success.

"The Chamber of Commerce in its enlarged and expanded form, will stand for all that is constructive. Its ideals will be high and its influence for good will be felt in the civic, commercial and industrial life of the city.

"We are confident that you will feel the cause a worthy one. We want to appeal to you as one of the important men of the community, and jointly with the other ministers of the city to designate Sunday, December 10th as 'Civic Sunday' in the churches of Kingston. In your sermon on that day we most respectfully ask you in the spirit of co-operation and service to the city and the campaign of education for this movement to refer to some phase of civic life such as 'Civic Righteousness', 'Civic Duty', 'Civic Responsibility', etc., in your sermon to the citizens of this city to the Chamber of Commerce and to this movement looking to a better understanding of the responsibilities of citizenship.

"We understand that several of the city pastors plan to preach special sermons on an appropriate topic referring to such Biblical passages as 'Where There is no Vision the People Perish' from the proverbs of Solomon.

"Counting on your valued help in this most important movement for the upbuilding of our city, I remain
Yours sincerely,
ROBERT E. LEIGHTON,
President."

SIR DAVID BEATTY
BEATTY TO COMMAND BRITISH
GRAND FLEET.

Sir David Beatty in command of the British battle cruiser squadron, and hero of the Battle of Jutland, is to assume command of the British Grand Fleet, succeeding Admiral Sir John Jellicoe, who becomes First Sea Lord of the Admiralty. Announcement to this effect was made in the House of Commons by Arthur Balfour, First Lord of the Admiralty.

Sir David, whose wife is an American woman, daughter of the late Marshall Field, of Chicago, was in command of the British cruiser squadron which encountered the entire German High Seas Fleet and was in command of the squadron at the time of the sinking of the German battle cruiser Blücher.

Good Musical Comedy Coming.

"Very Good Eddie," a musical comedy which ran for twelve months in New York city at the Princess and Casino theaters, will be the attraction at the Kingston Opera House on Tuesday afternoon, matinee, and night. After their successful run they appear here with the New York production intact, the cast including the names of many New York favorites and an unusually attractive chorus. The play involves the honeymoon of two young couples who start off aboard a Hudson river boat but on account of baggage difficulties are separated when one husband is left ashore with the other man's bride. Amusing and complicated circumstances follow much to the delight of the audience.

Fault-Finder's Folly.
He who seeks only for faults sees nothing else, and will be so fully conscious of the faults of others that he will be at fault himself.

BILLY EVANS SOLVES BASEBALL PROBLEMS

Written Especially for This Paper by the Famous American League Umpire.

The National league was not without its unusual play last season. Billy Klem was in charge of the game, which was played in Philadelphia. The play was such an extraordinary one that it is not very apt to come up again. It came up last summer, however, and would have created much more argument than it did had not Bill Klem used diplomacy in reaching his decision.

Late in the game, with the score rather close, the visiting team managed to fill the bases with two men out. The Philly pitcher was a bit wild, and the batter evidently had been instructed to look them over. He finally worked the pitcher until the count stood three balls and two strikes. Playing proper baseball, all three runners started to advance just as soon as the pitcher started to deliver what would prove to be the decisive pitch.

The pitch was very high and wide, making the fourth ball. Just as soon as the runner on third knew it was a ball, he slowed up and merely walked toward the plate. In the meantime, the man who was originally on second rushed to third and happened to overrun the base several feet. Quick as a flash, the catcher snapped the ball to third, getting the runner before he could return to the bag, and retreating the side.

The question then arose as to whether or not the run counted. Billy Klem killed any chance for an argument by deciding that the runner had crossed the plate before the third man had been retired. The Philadelphia team, of course, contended that the out was made before the runner crossed the plate. If such had been the case, and you were the umpire, what would you have done?

Answer to Problem.
The run counts. This play was discussed at the same meeting of umpires that took up the Ainsmith play. It was unanimously agreed that no matter where the runner was at the time of the third out, he was entitled to score. It was contended that, with the bases full and the batter receiving a base on balls all runners must advance, which would send the man from third home and score the tally.

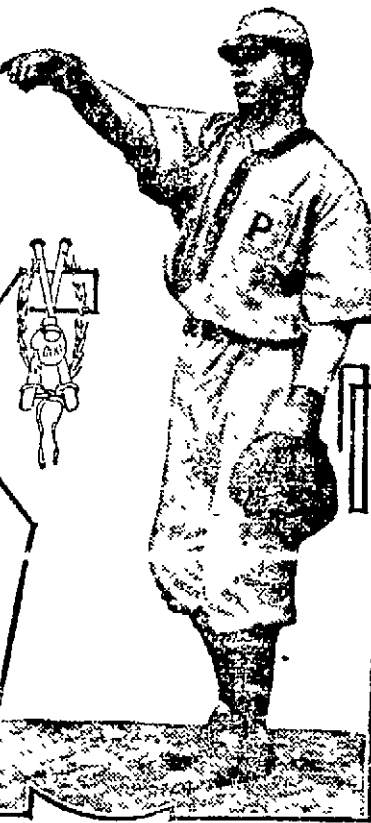

The base on balls gave the man from second no right to overrun third base, but his third out, even though it was made before the run was over the plate had no bearing on the score. That run was forced over pure and simple.

CATCHER CHANGES HIS MIND PLANS FOR TENNIS LEAGUE

George Gibson, Who Refused to Join New York Giants, Has Reconsidered His Action.

George Gibson, the veteran Pirate catcher who retired from the game when sold to the Giants last season,

George Gibson.

says he has reconsidered his action and will report to McGraw next year. While George was warming his feet around the home fire McGraw made a deal for Lew McCurdy of the Dodgers.

It is doubtful now if Gibson would be welcomed.

FRESHMAN HAS FINE RECORD

Nineteen-Year-Old Youth at Indiana University Plays Football, Basketball and Baseball.

Among the freshmen at the Indiana university at Bloomington, Ind., who entered the school with athletic records was Benton J. Springer of Robinson, Ill., whose brothers have won places in the athletic events at Chicago and Washington and Jefferson universities. Springer, who is nineteen years old, weighs 180 pounds and is six feet one inch in height. He played football as halfback on a high school team for four years and made records as a basketball and baseball player.

CHINESE TEAM HAS ABILITY

Credited With Winning 37 Out of 59 Games With College Nines—Defeated Holy Cross.

The Chinese baseball team of Hanyang, which has just closed its tour, made a great record in this country. The Chinese are credited with winning 37 out of 59 games with college nines, and 61 victories in 119 battles with leading independents.

VAUGHN CHANGES HIS MIND

Wisconsin Athletic Star Decides Not to Join Connie Mack's Athletics in Spring.

Pewee Vaughn, the University of Wisconsin athletic star, who was going to join Connie Mack's team in the spring, according to reports has announced that he has changed his mind. He wants to preserve his amateur standing and remain in school to fit himself for an athletic coach.

Daily Thought.

Even in the anxieties of life, when we are like pilgrims walking with peace in our shoes, still there is the seat of flowers, the song of the birds and the sweet light of heaven about our path.

Yale, Harvard, Princeton, Pennsylvania and Cornell in New Eastern Organization.

The new plan for the Intercollegiate Tennis league among eastern colleges has been outlined as follows:

"The league embraces Yale, Harvard, Princeton, Pennsylvania and Cornell. Each team will play each other team in the league a match of at least four men, four singles and two doubles; if possible, a six man match will be played. These matches will take place in the spring of the year, and an Intercollegiate league championship banner will be awarded the leading team at the end of the season. The league will be under the auspices of the Intercollegiate Tennis association and will have the captains of the league teams as an executive committee. It is believed that the league matches will increase collegiate interest in tennis and give a definite purpose to the spring matches."

WANT TO REINSTATE QUIMET

Members of United States Golf Association Asked to Consider Cases of Three Amateurs.

The Woodland Golf club, in a circular letter to clubs that are active and allied members of the United States Golf association, announced that it would bring before the annual meeting of the association in January its fight for reinstatement as amateurs of Francis Quimet, former national amateur champion; J. H. Sullivan, Jr., and Paul Tewksbury. These young men, members of the Woodland club were barred from participation in tournaments as amateurs because of their

Francis Quimet.

business connections. In its letter the club stated that "many clubs had offered to join in a call for a special meeting for consideration of our appeal," but that it had concluded to withhold a request for action until the regular meeting.

FAVOR CROSS-COUNTRY RUNS

One of Least Picturesque of Sporting Events, But Guaranteed as One of Most Healthful.

Cross-country running, one of the least picturesque of sporting events, but guaranteed as one of the most healthful, is due to get in its heels shortly. With their grand objective, the intercollegiate championship to work up to, numerous hill-and-dale squads have started preparations. Last fall, at Franklin Park, the sight of considerable of an upset in calculations was witnessed when Cornell suffered its first defeat after a long string of annual victories. Coach Jack Moskier, developer of the near-monopolists of championships at Cornell, took his defeat calmly, but it is rather an assured gamble that he will make it a point to recover the title.—Boston Post.

Left Algernon Pondering.

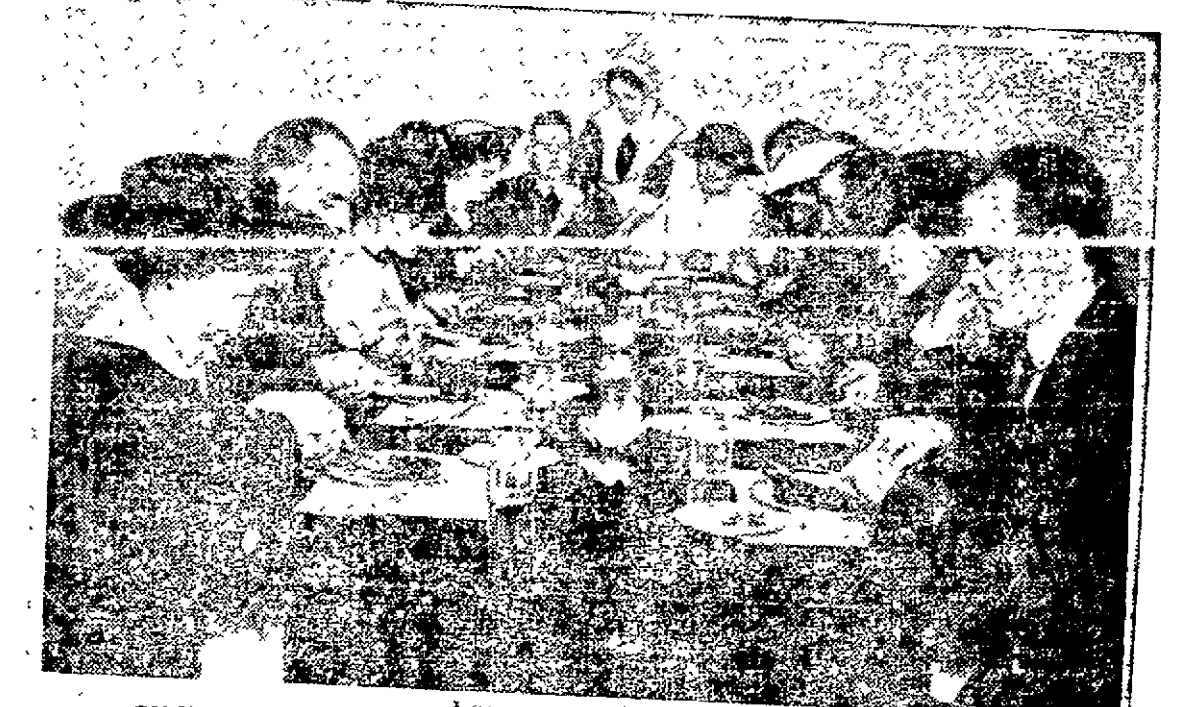

"Have you ever loved before?" Algernon (after being accepted)—"No! I have often admired men—for their strength, courage, beauty, intelligence, or something like that, you know; but with you, Algernon, it's all love—nothing else!"

PROMINENT MEN WHO SEEK PERMANENT PEACE.

With the arrival of the holiday season interest increases in the steps being taken to provide means for a permanent peace once the present war is over. Jacob H. Schiff, the banker, is not only interested in the efforts of the League to Enforce Peace, of which William H. Taft is president but would have the United States take some steps to bring about peace in Europe now.

United States Senator William J. Stone, chairman of the Foreign Relations Committee of the Senate; Finley J. Shepard, who married Miss Anna Gould, Alton B. Parker, former Democratic candidate for the presidency and Mr. Taft are interested in the League to Enforce Peace, which

DIET SQUAD AT WORK.

CHICAGO DIET SQUAD REDUCES MENU.
This photograph shows the Chicago diet squad at lunch. The twelve members were being fed for forty cents a day since but now the daily allowance may be made even lower. The squad is under the supervision of John D. Robertson, Health Commissioner, whose object is to show how well one may live on the high cost of living.

SEEK TEMPORARY SENATE PRESIDENCY.

(Senators Pomerene, Underwood and Martin.)
A lively contest among Democratic Senators for the presidency program of the Senate was expected with the opening of the short session of the Sixty-fourth Congress today. The death of Senator Clark, of Arkansas, Underwood of Alabama, and Martin, of Virginia, are seeking support in the caucus which will name the temporary presiding officer.

First Milling Process.

The conversion of wheat into flour was one of the earliest developments of civilization and even the primitive traces in the dawn of history pointed the grain to a coarse pounding between stones. Perhaps the oldest flour-mills in existence are the rude stone found among the remains of the ancient lake dwellers in Switzerland. It is a mortar and pestle arrangement in which wheat was reduced to a coarse meal. Crude as this method was, it contained the germ of the modern flour mill.

How "Rubbers" Were Produced.

"Rubbers," as Americans have named them, were the invention of Charles Goodyear, father of the man who helped produce the Goodyear well-known tire. In 1839 it was found that a rubber, dissolved in turpentine and mixed with lampblack, would give a waterproof surface to leather. The leather so treated was subject to numerous changes, heat causing it to melt and cold to crack. Mr. Goodyear mixed sulphur with the other combination and produced rubber.

Fish That Builds a Nest.

The stickleback is one of the most interesting members of the fish tribe. It constructs a home for its prospective mate, and then mounts guard over it until the mate comes along. The home is built from seaweed, twigs and aquatic plants, which are ingeniously woven together. There are no entrances to the home, which are never left unguarded by the master. It signifies her willingness to enter.—Popular Science Monthly.

VELOCK'S DAILY SPORTING LETTER

(By Jack Velock.)

International News Sports Editor.

New York, Dec. 2.—When the National and American Leagues hold their annual meetings here and in Chicago on December 12 and 14 the baseball public, and particularly that part of it which represents the minor leagues, will have an eye on each meeting for first-hand reports of the attitude of the big fellows toward suggestions which will be offered by the National Association.

For the first time in its history the National Association of Professional Baseball Clubs, which includes all the recognized minor leagues, stood upon its underpinning this year and became bold enough to make a number of recommendations for the betterment of baseball in its own immediate circle.

The minors want it understood that they are not making demands. They have merely adopted resolutions to be placed before the big leaguers at their winter sessions, and they are living in the hope that favorable results will follow.

The biggest thing asked for by the National Association as a whole is the sanction of a new baseball Court of Appeals by the majors. Minor leaguers do not want to erase the present National Commission, but they believe that they should have some voice in controversies between themselves and the majors.

For this reason they will ask that a new Board of Appeals be formed, consisting of two major league representatives, two minor league members and a neutral member, the body as a whole to decide

Exceptional Values Increasing Sales

Never was the advice to buy early, more opportune than at this season, when prices are soaring high, or every week.

THE RIGHT MERCHANDISE AT THE RIGHT PRICE

Anticipating your needs many months ago, we can still offer plenty of merchandise at the good old prices. In many cases it will be impossible to replace our stock for this season.

Winter Coats, Suits and Furs

Large assortments, smart styles, and best of values are combined to make this the biggest and best winter garment season in our business history.

Ladies' Winter Coats

New arrivals daily, styles for all occasions; warm, comfortable coats for motoring or driving, in plain cloth or gray mixture, for \$12.50, \$15.00 and \$18.00. Fine dress coats with plain or trimmed collar and cuffs, \$18.00, \$20.00, \$22.00, \$25.00 and \$30.00. Owing to the advanced cost of material we would advise our customers to buy their winter coats early.

Furs Are Popular

Time to think about your winter furs; cloaks, sets and separate muffs are always selected early in the season. We'll gladly put them aside until you need them. Satisfaction guaranteed on every purchase.

Good Winter Underwear

By placing our orders early in the season we are able to offer our large stock of winter underwear for men, women and children at prices that cannot be duplicated when our present stock is exhausted.

Men's wool at 97c, \$1.35, \$1.50 and \$1.65.
Ladies' wool at 97c and \$1.50.
Men's union suits at 97c, \$1.47 and \$1.97.
Ladies' union suits at 97c, and \$1.97.

Ladies' Winter Suits

At prices that satisfy the most prudent buyers. Styles that are sure to please, and materials that are guaranteed to give satisfactory service. We would call your especial attention to these suits at \$18.00, \$20.00, \$22.00 and \$25.00.

As only McCormack could sing it!

That's about what you think after you've heard John McCormack's Victor Record of "The Sunshine of Your Smile." It's the kind of song which appeals to everyone.

John McCormack

Europe has already been captured by the beauty of this song, and now that John McCormack has added his own part to the melody and sentiment, we expect a large portion of America to capitulate immediately.

The Star in the East over Bethlehem

Two grand old Christmas hymns sung by the famous Trinity Choir

This new Victor Record is sure to be a Yuletide favorite far and wide. The two numbers on it, "Angels from the Realm of Glory," and "Oh, Little Town of Bethlehem," are known and loved all over the world. And they are given an impressive interpretation by the Trinity singers, assisted by orchestra, chimes and celesta.

Victor double-faced Record 35594. Twelve-inch, \$1.25

"Pretty Baby" and "Give Me All of You"

The members of the Orpheus Quartet were at their best when they made this Victor Record of Van Alstyne's "Pretty Baby." If you like good quartet singing be sure to get this record. On the other side of the same record Alice Green and Edward Hamilton sing a favorite number from "Flora-Bella," entitled "Give Me All of You."
